RETAIL BUSINESS OPPORTUNITY FOR AN AGENCY STORE IN LCBO RFP# 2008-131 CAMPBELLVILLE

An excellent business opportunity is now available to established retailers in Campbellville. The Liquor Control Board of Ontario (LCBO) is seeking a responsible, customer-focused retailer to operate an LCBO Agency Store in Campbellville.

To qualify, the applicant must have an existing, currently operating retail business in the community and commit to operating the Agency store within established LCBO guidelines. To facilitate the sale of beverage alcohol products, the operator may be required to enter into separate commercial agreements with the LCBO and domestic beer suppliers. The successful applicant will also be required to participate in a special LCBO server-training program to ensure the responsible sale of beverage alcohol products.

Since 1962, the LCBO has authorized more than 200 Agency stores to serve communities which have requested service but where the local population is too small to support a regular LCBO or beer store. These Agency stores are operated by local retailers within their existing retail business. Agency store contracts are normally awarded for a five-year term. In communities where there is currently an Agency store, as the contract nears expiry the LCBO will take into consideration the fact that new businesses in the community may have been established and will allow an opportunity for all businesses in the community to compete for the next five-year term.

Operating an LCBO Agency Store provides a retailer with an excellent opportunity to increase revenue and attract customers while providing local residents with beverage alcohol services. Agency stores also deliver economic benefits to the community in many cases through job creation and increased customer traffic for local merchants.

Interested businesses must request by FAX/Mail the application package for this competition before **end of business day Friday May 23, 2008** and must quote the following information:
