# Milton Chrysler Dodge Jeep Opens New Showroom

Milton Chrysler Dodge Jeep is proud to announce the opening of their brand new showroom. Carl Boedecker, owner of Milton Chrysler Dodge Jeep, has been an integral part of our community since 1965 and wanted to show his commitment to Milton for the future to come. The new warehouse sized showroom is now one of the largest Halton Region has to offer and has been designed to enhance your shopping experience. Our showroom, parts and service departments are newly designed, customer friendly, state-of-the-art facilities that are made to usher in the new generation of Chrysler, Dodge and Jeep vehicles.

Customer service excellence has always been the trademark of the Milton Chrysler team and nothing better represents this more than receiving the honour of winning Chrysler Canada's 2008 President's Award. Over the years, Milton Chrysler has been consistently recognized as Canada's #1 Rated Chrysler Dealership for Customer Satisfaction.

Milton Chrysler invites everyone to come down this weekend for their opening to view the new showroom and to meet the team that stands out from the rest! Milton Chrysler is located at 81 Ontario St. N, Milton, just one block north of the Milton Mall.

## GM and OnStar Create Technology to Help Save Lives

By JIM ROBINSON

Metroland Media Group

You come out of the store and your car has been stolen.

What do you do? Call the police? Call home?

If you own a General Motors vehicle with OnStar, you may be able to make one call that won't just locate your car, but notify police who then can work with On

Star to slow it down to a crawl once the police have zeroed in.

Recently, GM demonstrated a new technology, called Stolen Vehicle Slowdown, that helps in the safe recovery of subscribers' stolen vehicles. Stolen Vehicle Slowdown sends a signal to a subscriber's stolen vehicle to reduce engine power, slowing the vehicle down gradually.

• see ONSTAR on page C10
