

Lighting things up

The Milton District Hospital Foundation held its Festival of Lights and Tree Lighting Ceremony outside on the hospital grounds Saturday evening. Clockwise from top right, the Milton Choristers sing Christmas carols. Onlookers gather around the Memorial Celebration of Light trees. John Loeprich (second from left), president of the Milton Active Transport Oldstars, present two cheques totalling \$20,000 to the Milton District Hospital Foundation's (from left) Brad Grant (chair), Brian Penman (vice-chair) and Helen Vatisas (executive director). The funds will go toward sponsoring a new ICU bed and pay the last installment of their pledge for the CT Scanner. Keryll Brown plays the trombone as part of the Milton District High School jazz combo. Christina Vatisas (left), Elizabeth Sen (centre) and Claire Cyr enjoy hot chocolate to stay warm. Hot chocolate and other seasonal refreshments were provided by local Starbucks, while the Memorial Celebration of Light was directed by Chaplain Mario Charpentier, with the annual tree lighting led by Mayor Gord Krantz.
