

## Gift basket fundraiser held

Residents with some difficult-to-buy-for people on their Christmas lists might want to check out a fundraiser a local business is holding.

Until Christmas, Advantage Physiotherapy, 550 Ontario St. S., unit 7, will sell gift baskets of all-natural products from Andrews' Scenic Acres. Included in the baskets — which can be customized — are a

variety of products including jam, honey, maple syrup, bee pollen and bee-related products. They range in price from \$10 to \$100, with proceeds going to Big Brothers Big Sisters of Halton.

"We feel that it is a very important charity, and Christmastime should be about young people and families," said Valerie Brouwers of Advantage Physiotherapy.

## Business holds holiday toy drive

Help give a kid a Christmas. That's the challenge being thrown out by InStorage Self Storage stores across Canada — including the one in town — this holiday season.

From now until December 19, Miltonians are asked to drop off an unwrapped toy at the local business, located at 867 Nipissing Rd. This is the company's first annual nation-

al toy drive, held in conjunction with the Salvation Army.

Donations — for both youngsters and teenagers alike — can be made between 9 a.m. and 5 p.m.

Companies wishing to get involved can call InStorage Senior Marketing Co-ordinator Leslie Best-Walker at (416) 867-9757.

## 'U can' food drive to take place Dec. 13

It's time to pitch in, Milton.

In support of the local Salvation Army, U Weight Loss Clinic, 470 Bronte St. S., will hold its annual 'U can' food drive next Saturday, Dec. 13 from 9 a.m. to 4 p.m.

The business will make a \$250 donation

itself, and will accept both cash and non-perishable food items for the Salvation Army.

The most needed food items include canned fruits and vegetables, canned fish and meat, beans, soup, peanut butter, rice, macaroni and cheese and baby formula.

## Both toys and food donations requested

A local business is urging residents to dig deep and contribute to its toy and food drive this Christmas season.

The Healthy Family Chiropractic and Wellness Centre, 850 Main St. E. (in the Loblaws Superstore plaza), is seeking both

non-perishable food items and toys for kids and youths of all ages for the drive.

All donations received will go to the Milton Salvation Army.

For more information, call (905) 864-1516.

## Bank's silent auction underway

If you're looking to buy a one-of-a-kind gift while supporting the community, you might want to check out Scotiabank's silent auction.

The auction is now underway and will continue until 6 p.m. Friday, Dec. 12 at Scotiabank, 244 Main St. E. Proceeds will go to the United Way of Milton.

It's free to bid, and the highest bidder wins.

Items up for grab include:

- A hockey jersey autographed by 57 hockey alumni including Doug Gilmour, Bob Sweeney and Johnny Bower
- A dinner for two cooked by a personal chef who comes to your house, prepares the meal and cleans up after
- A sight-seeing flight around Milton
- Prints by Tom Thomson and Walter Campbell

## NEW CIVIC OPERATIONS CENTRE CLASS ENVIRONMENTAL ASSESSMENT STUDY

### NOTICE OF STUDY COMMENCEMENT

The Town of Milton has initiated a Class Environmental Assessment to determine the requirements for a new civic operations centre to address the needs of a rapidly expanding infrastructure base due to the significant population growth of the municipality. Sandwell Consulting Engineers Ltd. has been retained to carry out the study.

The study will determine the current Operations Facility deficiencies and consider, evaluate and detail alternative solutions and design concepts. In addition, consideration will be given to projected growth, future service demand requirements, and the needs of other municipal service providers including Transit bus storage, a Fire Training facility and an Animal Control facility.

The study will be conducted in accordance with the approved requirements for a Schedule 'C' project as described in the Municipal Engineers Association Municipal Class Environmental Assessment document (October 2000 as amended in 2007).

Public input is vital to the project and therefore a Public Information Centre is to be held to review background information, the problem being addressed and the preferred alternative.

**Date:** Wednesday, December 17, 2008  
**Time:** 6:00 p.m. to 8:00 p.m.  
**Place:** Hugh Foster Hall  
53 Brown Street  
Milton, Ontario

Upon completion of the Study an Environmental Study Report will be submitted to the Ministry of the Environment and will be available for public review for a period of 30 days.

To provide comments or to request additional information about the project, contact one of the following team members:
