Save money on fuel by reading your vehicle's owner's manual

(NC) - With the price of gas skyrocketing, drivers are looking for any way possible to shave even a few pennies off the price they pay at the pumps. Keeping your vehicle in top operating condition will save you fuel and money and minimize harmful emissions.

Reading your owner's manual carefully is the key to getting the most out of your vehicle. It will tell you everything you need to know, from what type of vehicle oil to use and how often it should be changed, to recommended intervals for engine and transmission checks.

To ensure you get the maximum fuel economy your vehicle should be maintained to the standards recommended in the owner's manual. A poorly maintained vehicle can increase fuel consumption by up to 15% per cent and increase toxic emissions by even more.

With today's sophisticated engines and on-board computer systems, it just makes sense to leave the servicing of your vehicle in the hands of trained automotive professionals. They have the knowledge and tools to diagnose and correct problems and to put you on

the road to safe, fuel-efficient driving.

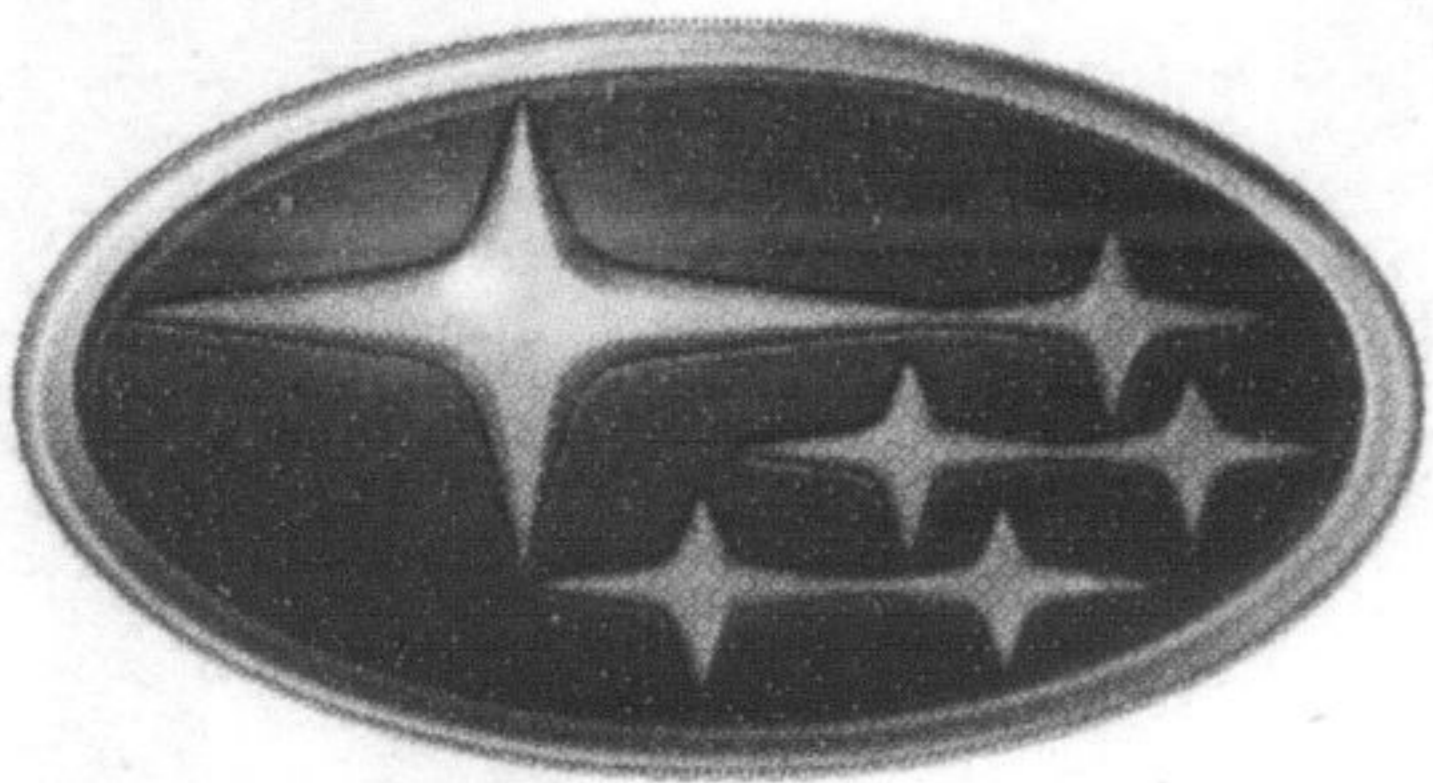

Natural Resources Canada has an entire website devoted to fuel efficiency for drivers. You can find it at vehicles.gc.ca. It's well worth the visit for drivers wanting to increase their safety and reduce their fuel consumption.

With so much happening in the world today, it's more important than ever to be informed about your own home town. We pride ourselves on being Milton's main source for local community information, bringing the latest news to our local community.

Thanks for reading!

* U.S. Government star crash test ratings are part of the National Highway Traffic Safety Administration's (NHTSA's) New Car Assessment Program. See safercar.gov for more details. Ratings of "Good" are the highest rating awarded for 40-mph frontal offset, 31-mph side impact and 20-mph rear-impact crash tests conducted by the Insurance Institute for Highway Safety (IIHS). A "Good" rating obtained in all three crash tests and the availability of Electronic Stability Control (ESC) achieves a "Top Safety Pick". See iihs.org for more details. **Subaru's environmental commitment. Environmental Management System (EMS) ISO 14001:2004 certified by SGS, all Subaru Canada corporate facilities plus Subaru Indiana Automotive (Legacy, Outback and Tribeca Assembly Plant). www.subaru-earth.com. **When you lease, purchase or finance a new 08 Impreza (excluding STI) or new 09 Impreza (excluding WRX and STI) you will receive a \$1000 gift card which can be applied towards options, accessories, down payment or monthly payments on an eligible Impreza at time of purchase or lease. Credits are inclusive of applicable taxes and will be applied, as applicable, to relevant monthly lease or finance payment or purchase price at dealership. Offer applies to vehicles delivered on or before January 5, 2009. MSRP of \$20,995 on Impreza 2.5i 4-door (9F1-BP). Lease for \$268 a month for 24 months with \$999 down, 2.9% lease APR. Freight, PDI, license, insurance, admin fees, registration and taxes are extra. \$0 Security deposit. Dealers may sell or lease for less. Offers applicable on approved credit at participating dealers only. Lease based on a maximum of 24,000 km per year, with excess charged at \$0.10/km. Leasing and financing programs available through TCC. Other lease and finance rates and terms available; down payment or equivalent trade-in may be required. U.S. Impreza model shown.
