## Home Sweet Home

When you visualize a home improvement project, it doesn't have to mean tearing down walls and erecting a new structure in their wake. Often, the most subtle touches, like a new paint colour or a few well placed knick-knacks can add that certain pizzazz you're looking for. New fabrics, paint styles and innovative projects can all give your home a fresh look. And if you feel like adding a new room or re-roofing the entire house — go for it!
