

# Main Street Milton GEM

After 20 years in business, Halton Hills Jewellery... on Main is still going strong. This small store is recognized for its big heart. The staff and owners are known for their willingness to go the extra mile to ensure that your gift is ideal. The atmosphere is not intimidating. The customer is encouraged to browse in a non pressured environment.

Don't be afraid to share your financial limitations in this store. Along with fine jewellery including Gold, Platinum, Diamonds and gemstones, the store carries extensive silver, Tungsten and Titanium jewellery. They also have many types of gift ware for any budget. Seagull pewter frames in all sizes are available along with a wide selection of Men's and Ladies watches.

Spring time brings in many customers looking for Baptism, Confirmation and Graduation gifts. A pewter certificate holder or religious frame makes an ideal gift for these special occasions. If it is an unusual religious charm that you are looking for, Halton Hills Jewellery can custom order it for you within days. As one customer said, "I have been looking for this particular Celtic charm for years and your store is the only one that has been able to get it for me!"

Anita is the proud owner of the store and her son Mike is the

Jeweller / Gemologist. All of the store employees have lived in Milton for most of their lives. Any one of them can help you with gift suggestions. Perhaps you are interested in having your old jewellery or unused gold made into a unique new ring or pendant. In today's economy, many customers are considering this option, even to give as a gift to a loved one. Often your existing jewellery needs only minor repairs and most can be done on-site. From classic styles to modern and contemporary "one of a kind" pieces, Halton Hills Jewellery will work with you to create the perfect item to complement your personal style.

With the Saturday Farmers Market fast approaching (May 16th), many customers will stop in to the store to have their jewellery cleaned for free or often just to say hello. The welcoming atmosphere has been bringing in regular customers for over 20 years but many people who are new to Milton are discovering this GEM on Main Street.

The store also understands that many people in town work outside of the Milton Area. They are conveniently open on Thursdays and Fridays until 8:00 p.m. for this reason. This is an ideal time for young couples to stop in to browse the extensive selec-

tion of engagement and wedding rings. If you are looking to incorporate your Grandmother's diamond (for example) into your rings... call ahead to plan a consultation with Mike.
