## TERRA's Boxing Day in May!

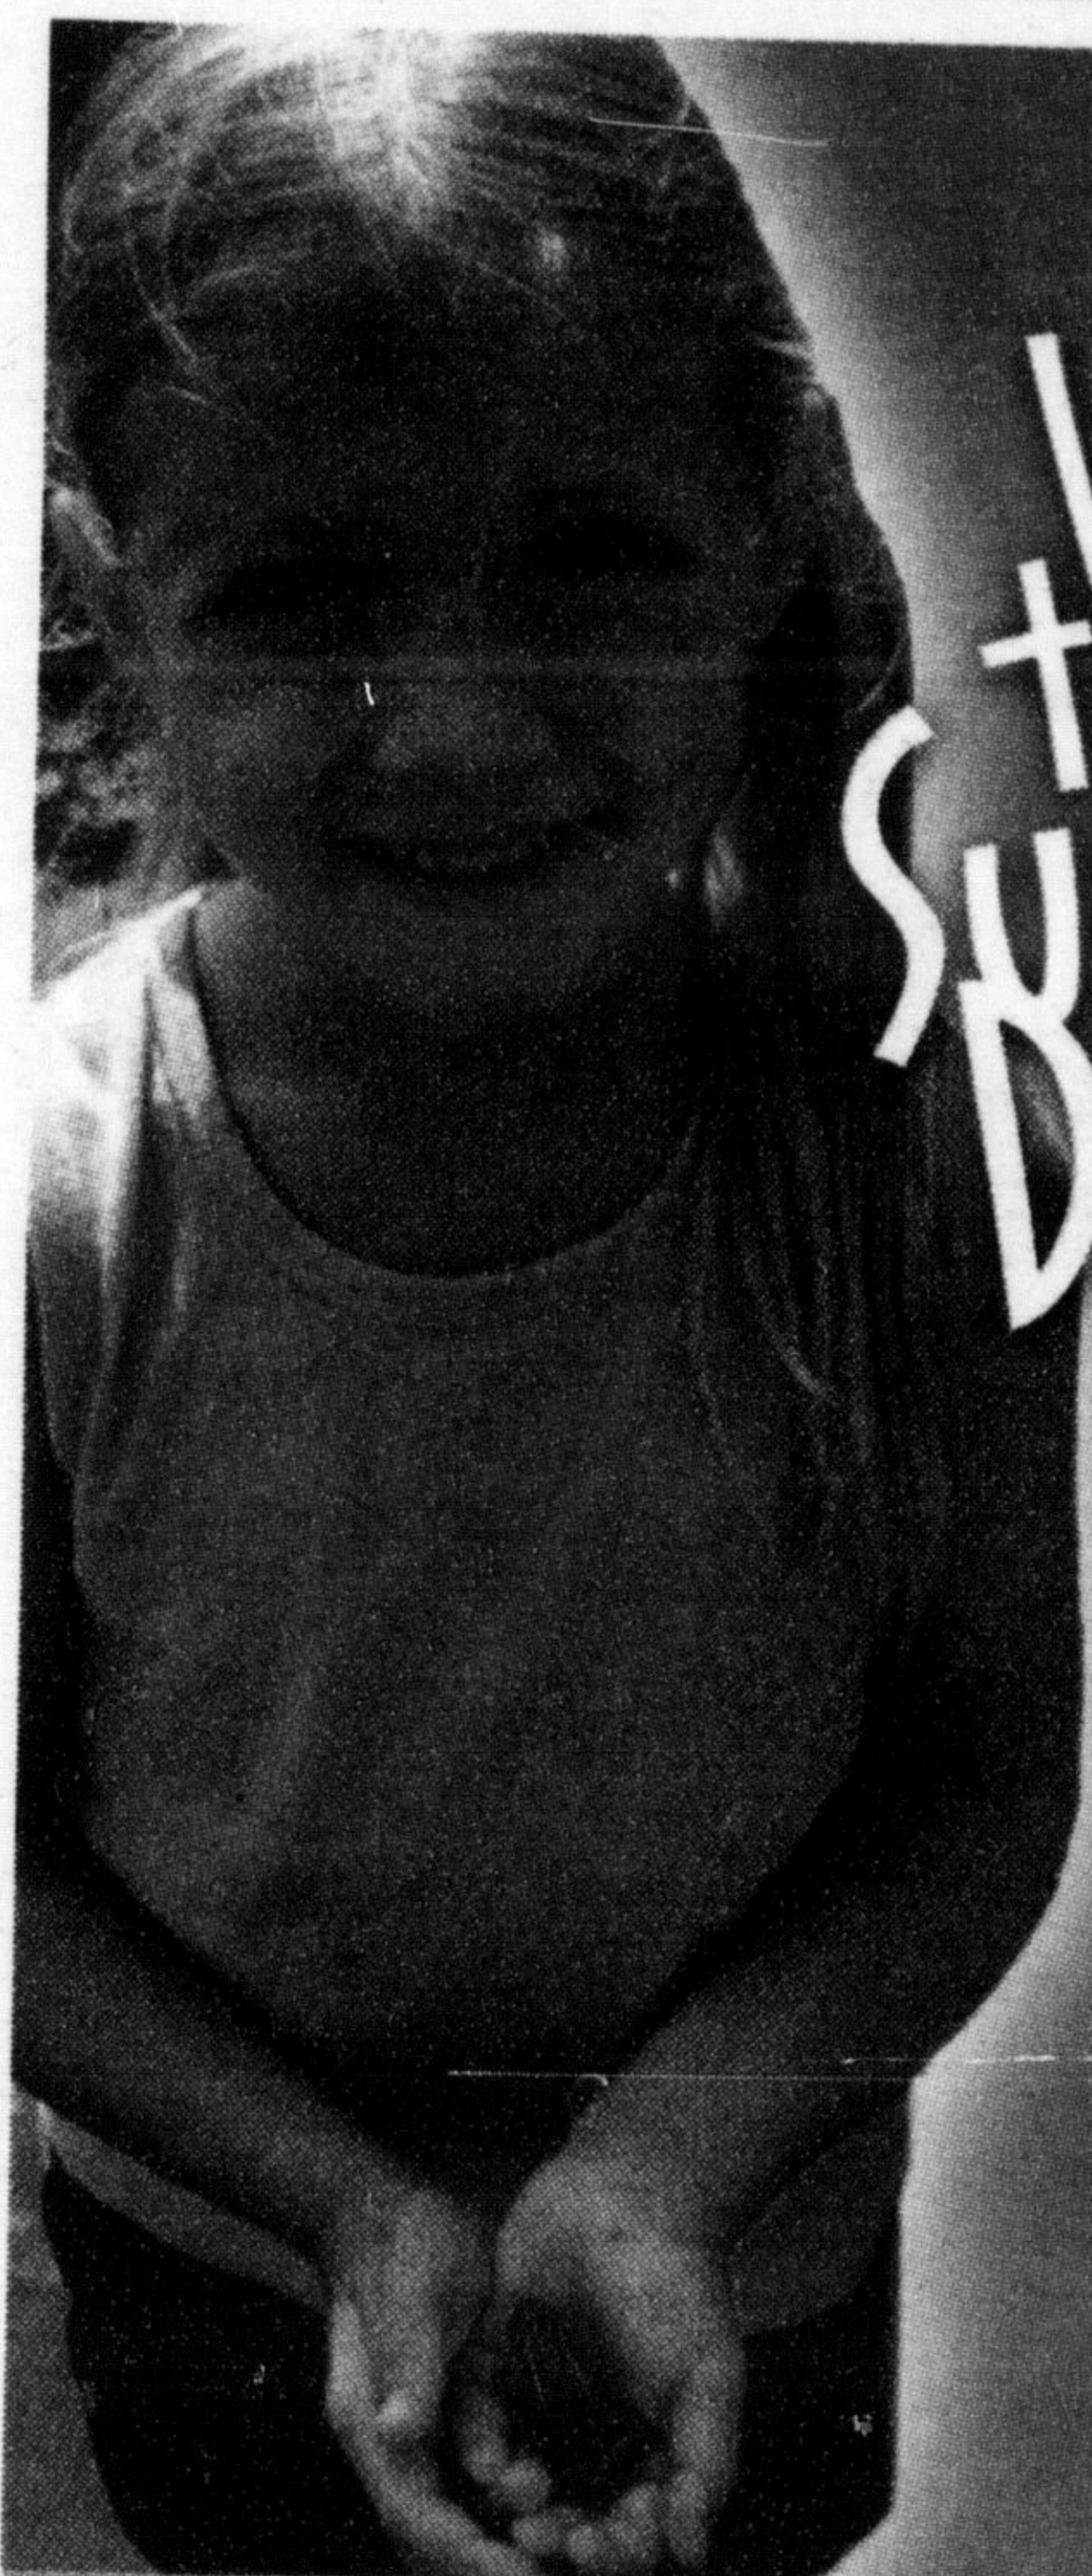

The rainy and gray May 2-4 weekend weather didn't deter hundreds of customers from lining up in the wee hours of the morning for TERRA Greenhouse's Boxing Day in May. This kick-off event to another much-anticipated gardening season invited customers to attend a morning "tail-gate party" at each of four TERRA locations. The first 50 families at each location also had a chance to win a gift certificate valued at up to \$500.

"It was a great day overall," said Susan Robinson, Marketing Assistant for TERRA Greenhouses. "I arrived at 4:30am and already there were plenty of excited people in line. Some had camped out, arriving at 1:30am." Susan said that one

customer likened the experience to waiting in line for concert tickets as a teenager!

Even with a long line in soggy weather, it was certainly worth the wait as customers were treated to exciting mystery door crashers and plenty of other incredible savings. Managers filled wheel barrels with various products, then sold them at discounted prices in a live auction setting that customers seemed to especially enjoy.

TERRA Greenhouses carries all you need to get going on your spring gardening - visit any one of their four locations or online at [www.terragreenhouses.com](http://www.terragreenhouses.com). Call the Burlington location at 905-332-3222.

## Ways of the Woods Summer Day Camp

Kids 6-14 yrs

Children learn about:
