## Car Insurance Myth #3: If I Switch Insurance Companies, I Will Lose My Loyalty Discount.

### Truth:

You may lose your loyalty discount (if you had one in the first place), but that doesn't necessarily mean you'll pay more or that you can't save a bundle by switching insurers.

The fact is, some (but not all) insurance companies may provide a small discount on your premium if you've been with them for a long time - but that small discount can quickly become irrelevant if the lowest cost insurer has a rate for you that is hundreds or thousands of dollars less than what you're currently paying. After all, what good is 5% off of an annual rate of \$1,500 (a \$75 savings) when you could pay \$1,100 with another company?

### We'll Tell You If You're Overpaying!

InsuranceHotline.com offers an independent, unbiased rate comparison from over 30 top insurance companies in Canada to find you the lowest rate for your profile and then connects you with a broker or agent to seal the deal. It's Fast, Safe and FREE.

### What Are You Waiting For?

There are thousands of people just like you who are saving hundreds to thousands of dollars everyday on their car insurance using InsuranceHotline.com. So, if you're keen to save big on car insurance, why not give InsuranceHotline.com a try?
