3Rs of Plastic Bags

Reduce & Reuse

Bring Your Own Bag

Imagine the positive impact if everyone used reusable bags and avoided plastic bags altogether!

Reduce your waste—use reusable shopping bags or bins when visiting the grocery store or mall.

Recycle

Take It Back! Halton

Take plastic shopping bags back to local retailers to be recycled. Look for a bin at the front of the store, or ask at the customer service desk.

Take It Back! Halton partners easily recycle plastic shopping bags into more bags or into plastic lumber because the bags don't have to be sorted and are not contaminated from other materials.

The following stores demonstrate their commitment to the environment by providing residents with the opportunity to recycle plastic bags:

No plastic bags in the Blue Box

Don't put plastic shopping bags in the Blue Box. Plastic bags get caught in the sorting facility's machinery and conveyor belts, or they get static-clung to glass leading to contamination.

Don't put Blue Box material in clear or blue plastic bags because it only creates additional waste (the bag is ripped open and the bag goes to landfill). Only put recyclable materials at the curb in a Blue Box. Recyclable materials in plastic bags will not be collected. Visit www.halton.ca/waste for a list of locations where you can get additional Blue Boxes.

Your mouth says a lot and not just in the words you say.

Your teeth and gums can say a lot about your overall health. In fact, tender or bleeding gums could be a sign of something more serious, such as gum disease; and poor oral health has been linked to chronic illnesses, such as diabetes and heart disease.

April is Oral Health month and the Health Department wants to remind you about the importance of good oral hygiene. Brush at least twice daily, floss once daily, avoid tobacco use, eat healthy foods, and visit an oral health professional regularly.

For more information about oral health, or to find out about financial assistance programs if you can't afford to see an oral health professional, visit www.halton.ca/oralhealth.
