

Daniel Guarini

Congratulations Daniel Guarini on your graduation of Grade 8. We are all so proud of you and good luck on starting High School.

We love you,
Mom, Dad, Alessandro,
Nonni Vizzini, Nonni Guarini,
and all your aunts, uncles, and cousins!!

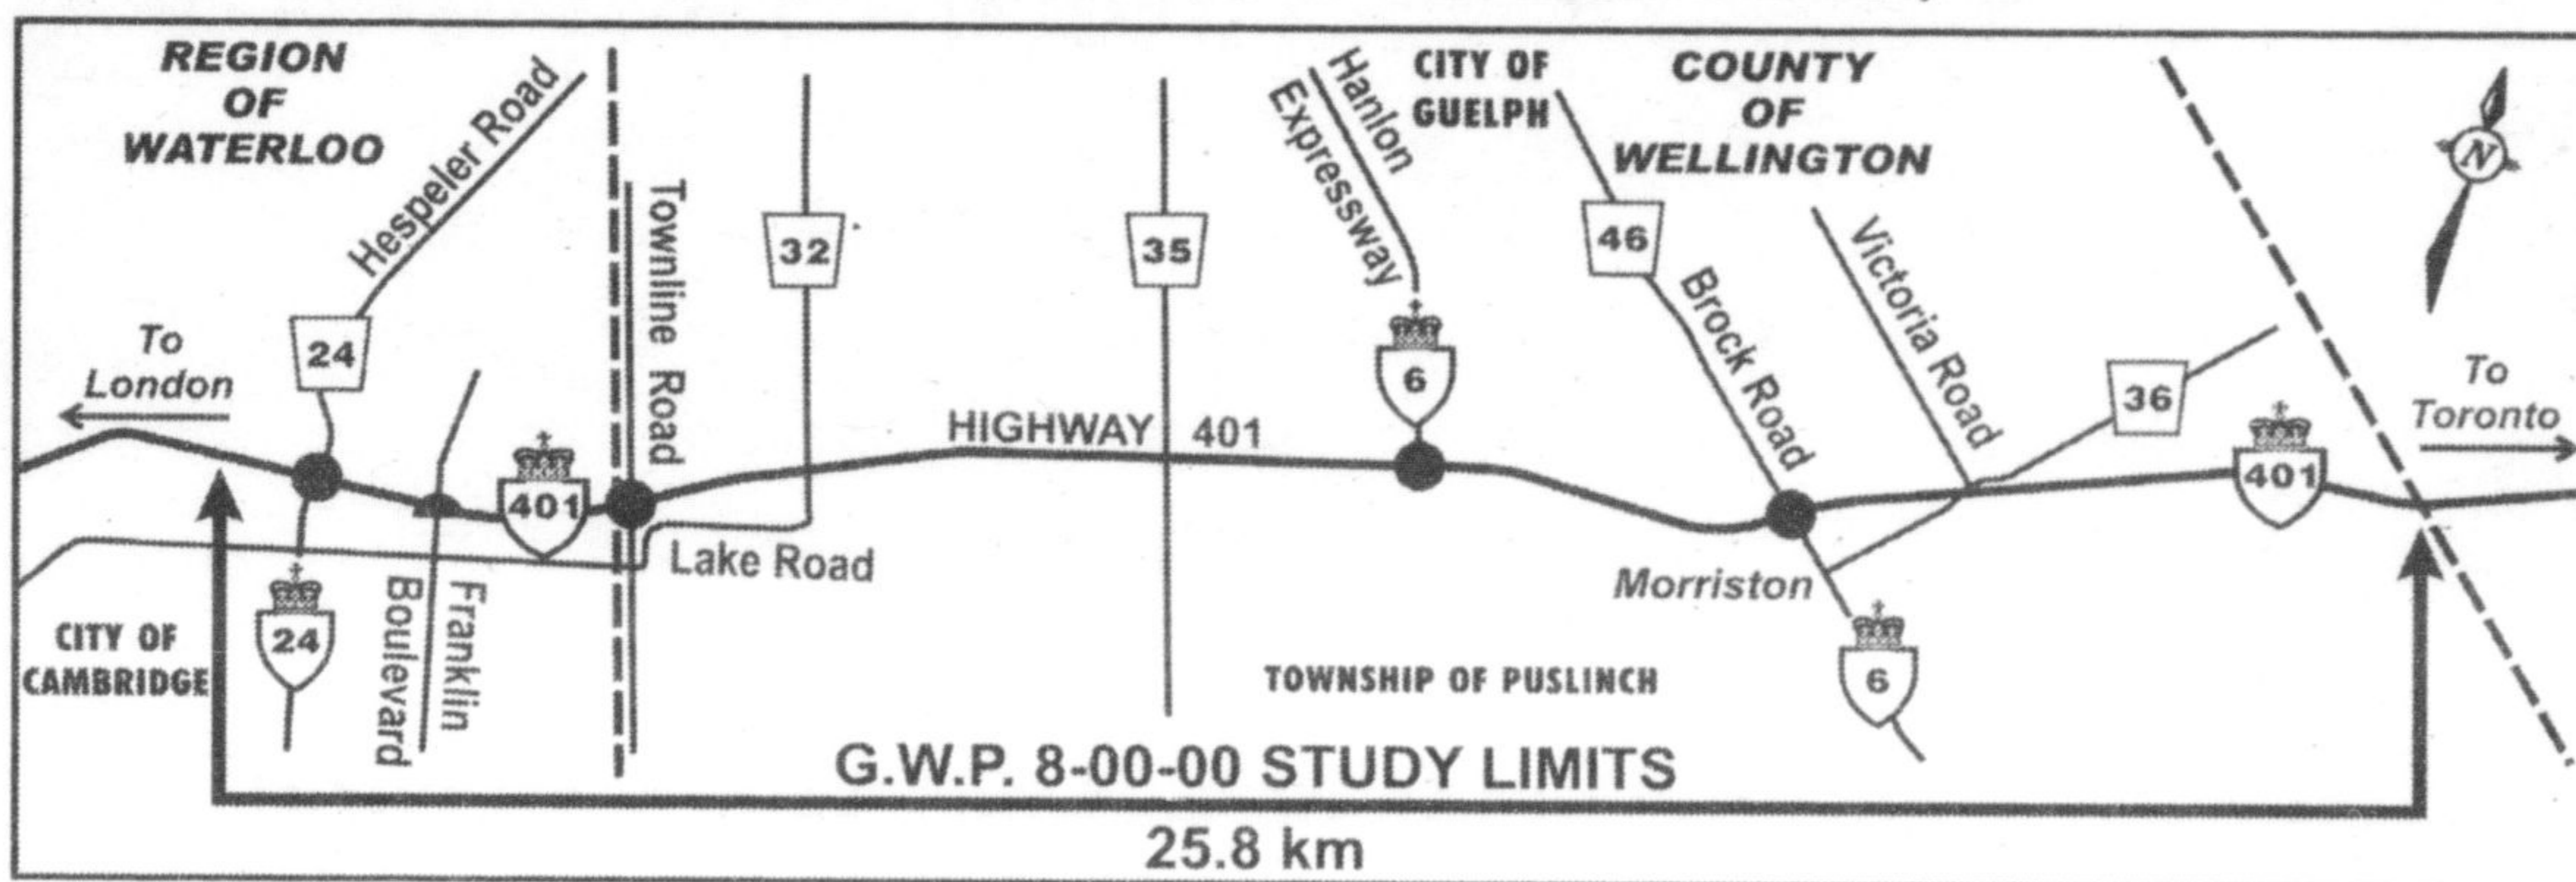

FOURTH INSTALLMENT: At its annual general meeting recently, the Milton District Hospital Auxiliary presented a \$125,000 cheque to the Milton District Hospital Foundation and Halton Healthcare Services (HHS). The funds represented the fourth installment of the auxiliary's \$500,000 pledge toward the hospital's CT Scanner and Diagnostic Renewal Campaign. From left are auxiliary past president Rita Ward, foundation executive director Helen Vastias, HHS board chair Mary Davies and HHS president and CEO John Oliver.

**MINISTRY OF TRANSPORTATION ONTARIO (MTO)
PRELIMINARY DESIGN AND
CLASS ENVIRONMENTAL ASSESSMENT (EA) STUDY
HIGHWAY 401 IMPROVEMENTS (G.W.P. 8-00-00)
From 1.0 km west of Hespeler Road Easterly to the
west Halton Region boundary, 25.8 km
NOTICE OF STUDY COMMENCEMENT**

THE STUDY

The Ministry of Transportation Ontario (MTO) has retained McCormick Rankin Corporation (MRC) to conduct a Preliminary Design and Class Environmental Assessment (Class EA) Study to identify capacity, geometric and operational improvements along the Highway 401 corridor from 1.0 km west of Hespeler Road easterly to the west Halton Region boundary, within the Region of Waterloo and the County of Wellington, as shown in the Key Plan. The study will identify operational and capacity needs, evaluate alternatives and recommend a plan to address the short, medium and long-term needs of the Highway 401 corridor, including the addition of new lanes, rehabilitation/replacement of structures and interchange improvements. A section of the approved Environmental Assessment for Highway 6, Freelon to Guelph, falls within the limits of this study.

THE PROCESS

The study will follow the *Class Environmental Assessment (EA) for Provincial Transportation Facilities (2000)* process for a Group 'B' project.

External agency and public consultation will take place throughout the study, including two rounds of Public Information Centres (PICs). The PICs will provide the public and interest groups an opportunity to discuss the study with members of the project team. Notices providing the time and location of the PICs will be posted on the project website (www.highway401-hespeler-halton.ca), published in local newspapers and sent to persons on the project mailing list.

Upon completion of the study, a Transportation Environmental Study Report (TESR) will be prepared and made available for public review. Notices will be posted and published at that time to explain the review process and identify the locations where the TESR is available for the 30-day public review period.

COMMENTS

To obtain additional information, provide initial comments or to be placed on the mailing list, please contact:

Mr. Jim Dowell, P. Eng.
