Council passes Allocation Program ensuring Regional infrastructure required to support growth in Halton is not paid for by existing taxpayers

Gary Carr
Regional Chair

On Wednesday, July 15, Halton Regional Council voted unanimously to pass the Financial and Implementation Plan for the 2008/2009 Allocation Program. This plan ensures that the Regional roads, water and wastewater infrastructure that is required to support growth in Halton is paid for by the development industry and not existing Regional taxpayers.

I'd like to sincerely thank all residents who participated in the democratic process of this important community issue. I encourage residents to email me on any Regional issues at gary.carr@halton.ca. To view a copy of the approved Allocation Program, visit www.halton.ca.
