For most of us, a safe and secure home environment is something we take for granted. Those who depend on shelters don't have this same security. As a result of a request from The Lighthouse Shelter's Director our goal is to raise funds to create a garden space at the Shelter where current residents can go to find solace, peace and hope. The simple act of planting a garden is one of the most beneficial things that can be done for the environment in a shelter. *And because ... everyone deserves a place to shelter and heal.*

The REALTORS® of The Oakville, Milton and District Real Estate Board have raised over \$24,000 towards the Halton Lighthouse Shelter Garden Project and are continuing to raise funds as well as awareness for this regional emergency shelter and garden project. If you would like to get involved with The Halton Lighthouse Shelter and the Garden of Hope, there is still time.
