

# Time to jazz it up! Event to aid Down's syndrome association

An elegant evening of dinner, dancing and jazz awaits, with the Halton Down Syndrome Association's (HDSA) upcoming

## Orchestra to perform at St. Paul's

Music from a gentler era will fill the air as couples dance the night away at an upcoming fundraising gala.

Renowned conductor Kerry Stratton and his 21-piece Grand Salon Orchestra will provide the entertainment for the 'Reaching to the Future' event hosted by St. Paul's United Church on Saturday, Nov. 7.

The elegant soirée will be held at Rattlesnake Point Golf Club on Regional Road 25.

Three hours of dancing to the live orchestra will be preceded by a cocktail hour at 6 p.m. and a beef and salmon dinner at 7 p.m.

In addition to dinner and dancing, the evening will include silent and live auctions.

Tickets cost \$100 each.

Proceeds will go toward the outreach efforts of St. Paul's.

Locally, Stratton is known for his conducting of the Nocturne series at the church.

This time around, he'll lead music from the 1920s and '30s, the era of composers such as George Gershwin, Cole Porter and Irving Berlin.

"The salon era was a time before radio and it was a time when music was consumed live," Stratton said. "This music was cherished and wasn't a disposable commodity."

For tickets, call Doug Walker at (905) 469-0594.

auction gala.

The Jazz it Up! fundraising event will recognize the association's past — it's celebrating its 25th anniversary this year — and help prepare for its future.

It'll take place Saturday, Nov. 7 at Granite Ridge Golf Club on Dublin Line in Milton.

Entertainment will be provided by the Margot Roi Jazz Quartet.

A silent auction will begin at 5:30 p.m., with the event officially kicking off at 6:30 p.m.

Tickets cost \$75 each.

The primary goal of the auction gala is to raise funds for the therapeutic and developmental needs of local families affected by Down's syndrome.

Proceeds will go toward the HDSA's new Learning and Resource Centre, an initiative to provide essential educational programming and skills development to people with Down's syndrome.
