Halton among top employers

Offering a range of benefits including life insurance, tuition subsidies and a health plan helped make Halton one of the best employers in the GTA, according to Mediacorp Canada.

Mediacorp, which publishes Canada's Top 100 Employers, recently included the Region on its list of the GTA's top 90 employers.

The list, which also included the municipalities of Toronto and Mississauga, assesses leading employers in areas such as health, financial and family benefits; performance management, training and skills development; and community involvement.

According www.canadastop100.com/toronto, the reasons why Halton was selected included:

- · Giving new employees three weeks annual vacation
- · Covering 75 per cent of the premium for the employee health
- Providing tuition subsidies for courses related to an employee's job including a defined-benefit pension plan for new employees
- · Providing life and disability insurance for all employees
- · Paying maternity leave top up above EI entitlement of 75 per cent for 25 weeks
- · Paying parental leave top up above EI entitlement of 75 per cent for 10 weeks for new fathers or adoptive parents

· Managing a range of alternative work options, including flexible scheduling, telecommuting and a 35-hour work week with full pay.

Halton is one of the largest employers in the region with more than 2,500 employees. Earlier this year, Mediacorp also recognized the Region as one of Canada's best employers for new Canadians based on programs it offers to help immigrants integrate into its workforce.
