• At least 1 in 3 people could still get H1N1.

• 1 in 5 people hospitalized with H1N1 have ended up in intensive care and/or on ventilators.

• Half of those in hospital with H1N1 have been under 24 years old.

• More people have been sick this year from the flu compared to the past 5 flu seasons.

• Flu season continues until April.

You call the shot.

Only you can make the decision to get the H1N1 flu shot. Shots are available at health care provider offices, workplace clinics and many other locations. Visit: ontario.ca/flu
