

University, Boyne community subjects of open house Mon.

The Town will host an open house Monday to unveil designs for the Milton Education Village (MEV) and the adjacent Boyne Survey community.

The Boyne Survey is the soon-to-be urbanized area south of Louis St. Laurent Avenue to Britannia Road, between Tremaine Road and James Snow Parkway. Designated for future residential growth in the Town's 1997 Official Plan, it

will accommodate 50,000 residents and employees after development in the area begins in about 2015.

The MEV is a 450-acre area on the west side of Tremaine between Derry and Britannia and backing onto the Greenbelt and Niagara Escarpment. In December, Halton regional council approved the area for urban development starting in 2021. The Town's plans for the MEV include

green technology business parks, a residential community including an eco-tech village, and a Wilfrid Laurier University campus focused on environmental sciences.

The open house will be held from 6 to 7:20 p.m. in the lobby of Milton's Town Hall West on Mary Street. Council's planning committee will review reports on the designs at its meeting immediately following the open house.

■ **Relief in 2 weeks** from arthritis pain. This is what happened to me personally. After suffering for years I desperately tried everything, drugs, natural products, physiotherapy, acupuncture, magnets and nothing was of any real help. Finally I had relief in 2 weeks by taking shark cartilage that was specially processed to preserve the natural active ingredients. This is the kind we are now promoting. I realized then that there are over 50 million men and women that are battling the same illness and getting treatments that are not working well, otherwise we would not have this ongoing huge health problem. In the last 10 years we have helped tens of thousands of men and women to have less pain or no pain at all. This is a by-product of the food industry. No sharks are caught because of their bones/cartilage. *Nick A. Jerch, President*

We have real EVIDENCE that it works. On our web site you find over 100 testimonials with full names and towns. All 100% true. Skeptics may call them. Here are some examples: ■ **Doctor suggested knee replacement** after all his options failed with drugs and cortisone shots in knee and lower back. I recommend Bell Shark Cartilage to those millions suffering needlessly like I did for 40 years with arthritis in my knees. It's a shame that I was given drugs and injections all these years when a natural medicine could have spared me the endless torture day and night. *Pat Laughlin, Coldwater, ON* ■ **My hip is 95% pain free.** Pain killing drugs mask and Bell Shark Cartilage heals. *Rebecca Hite, Oroville, CA* ■ **I tried another brand and pain came back.** 2 weeks on Bell and pain is gone again. *Gert Dupuis, Hanmer, ON* ■ **Cancelled knee replacement.** I was in pain and limping. Have no more pain now. Can square dance for hours. *Anton Melnychuk, Porcupine Plain, SK.*
