What's in those Big Yellow Bags?

By buying your **Black Garden Soil** early you'll be able to take advantage of the good weather as it comes.

If you've never ordered a bulk bag, you may be wondering what, exactly, is in that Big Yellow Bag? Great efforts have been made by Greenhorizons over the years to find premium, natural garden ingredients. The mixture of all-natural, organic products in the garden soil make for an excellent growing product. Though Greenhorizons won't disclose the exact formula, they will say that GreenThumb™ Black Garden Soil is comprised of a combination of: black loam, peat loam, very well-decomposed manure and a touch of mineral soil. It is really quite fantastic for growing flowers and vegetables. Approximately one cubic yard in size, the bags yield enough soil for the average homeowner's use, which typically includes gardening (flower beds and vegetable gardens), overseeding lawns and landscaping. GreenThumb Black Garden Soil is the all natural way to enrich your gardens.

There are three different products you can have delivered right to your home: GreenThumb™ Black Garden Soil, Nature's Blend™ and GreenThumb™ Premium Bark Mulch.

Easy to order

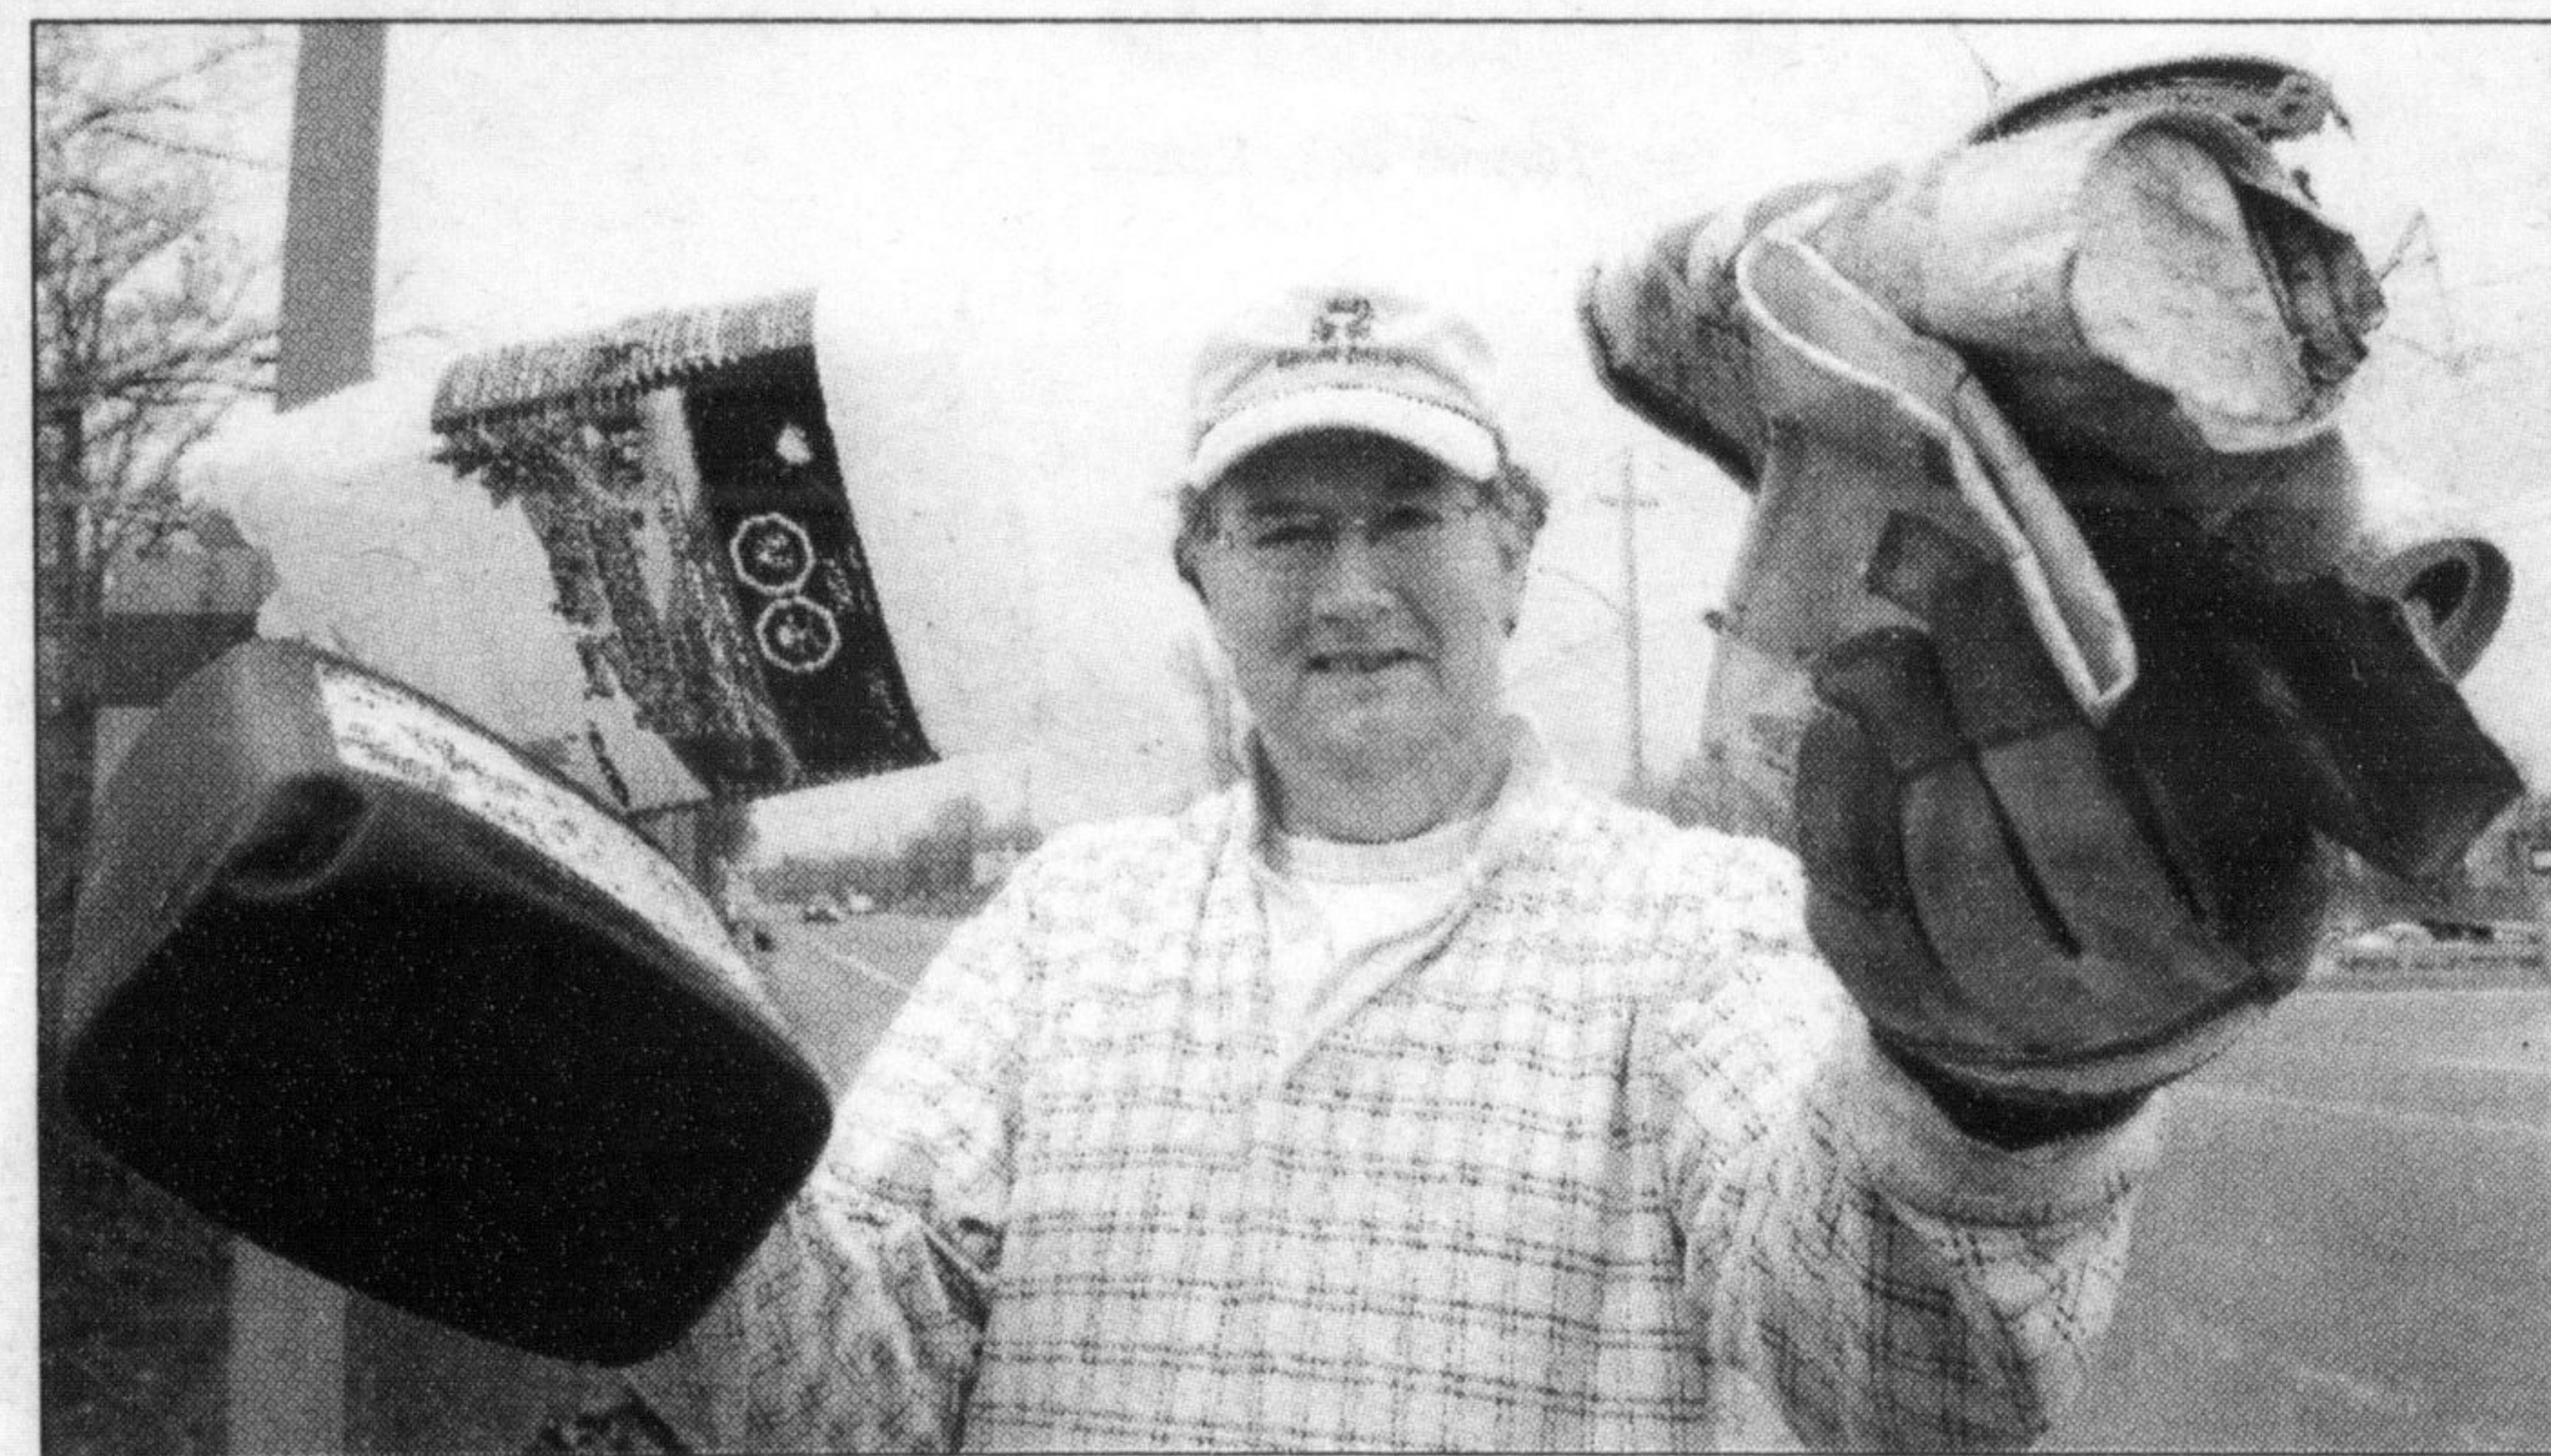

Convenience is what makes them so popular. There has never been an easier way to get a full cubic yard of Black Garden Soil delivered right to your home. It is so easy to order: "It's even easier than getting a pizza delivered" because you don't need to be home! Simply give Greenhorizons a call to book a delivery date. On the delivery day, mark an "X" on your driveway of where you would like the bag placed (4x4x4 foot area). Then pay with Visa/MasterCard or put a cheque in the mailbox (on delivery date) for their delivery personnel to pick-up. Another option is to order on-line at BigYellowBag.com and pay by Visa or MasterCard.

No-Risk Guarantee:

Greenhorizons offers a 100% satisfaction guarantee. "If a customer's Bulk Bag Soil or Mulch is not what they expected when they receive it, Greenhorizons will pick it up and issue a full refund."

*within Greenhorizons delivery zones.
