Peel Halton Acquired Brain Injury Services

Important transportation news for brain injury survivors living in Halton

Peel Halton Acquired Brain Injury Services (PHABIS) is a publicly funded agency providing services to survivors of acquired brain injury and their families, from the regions of Peel and Halton.

As you are no doubt aware, it has been difficult to secure transportation that will cross the boundary between Peel and Halton making our services less accessible if you live in the communities of the Region of Halton.

Good news: the Mississauga-Halton Local Health Integration Network (LHIN) is now funding the Red Cross to provide transportation anywhere in the two regions. Moreover, this transportation is available to persons using wheelchairs as well as those who are ambulatory.

Consequently, anyone can access the extensive Day Services and case management support offered at the PHABIS Head Office location on Robert Speck Parkway in Mississauga.

To book a ride with Red Cross, please call 1-877-848-0707.
