THE STUDY

Stage 1 of the Planning and Environmental Assessment (EA) Study for the GTA West Corridor, initiated by the Ontario Ministry of Transportation (MTO), supports the transportation objectives of the provincial Growth Plan for the Greater Golden Horseshoe by providing for the efficient movement of people and goods within the corridor.

Stage 1 of the EA Study includes the following key steps and associated public consultation:

- develop an EA Terms of Reference that guides the EA Study (PIC #1);
- identify transportation problems and opportunities (PIC #2);
- identify and assess transportation alternatives that address the identified problems and opportunities (PIC #3); and
- select preferred transportation alternative(s) and recommend a multi-modal Transportation Development Strategy (PIC #4).

THE PROCESS

The GTA West Corridor Planning and EA study is being undertaken as an Individual EA in accordance with the Ontario Environmental Assessment Act (EA Act) and the GTA West Corridor Terms of Reference (ToR), which was approved by the Ontario Minister of the Environment on March 4, 2008.

COMMENTS
