

Your Invitation To Worship

Read the book, watch the movie and discuss...

(NC)—Summer is an ideal time to read more books and watch more movies – and if you coordinate this kind of fun into a family activity, there may be far more benefits for your children than first meet the eye.

“Watching a movie gives children and adults an opportunity to discuss the content together, covering its events, dilemmas, and moral implications,” says Dr. Donna McGhie-Richmond, educational specialist for Kumon Math and Reading Centres. “Moreover, reading the book based on a movie provides opportunities to revisit the tale in another format. This combination sharpens both comprehension and decoding abilities, two of the most important skills for future academics, and for life.”

Reading the book first is usually

recommended so that children use their imaginations to bring the story, characters, and scenes alive. On the other hand, the movie may spark a child's interest to read the book, so a little parental flexibility on this could achieve the same goal.

“Discussion, of course, is at the heart of this activity,” Dr. McGhie-Richmond explained. “A deeper understanding develops with your child by exchanging thoughts on the events, central theme, and the moral dilemmas of others in the story. Most storylines contain conflicts or problems. These are points of discussion with your child. Talk about the conflict of the various characters by asking: how would you handle that dilemma? Also, ask your child which version of the story he or she likes

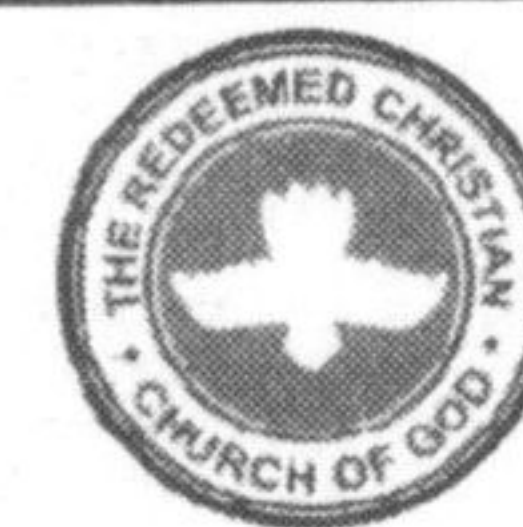

best, and why. Lively discussions give children the opportunity to think about what they have watched, or read, and to share their point-of-view.

To get you started, here is a selection of books from Kumon's Recommended Reading List, which pairs some of the most popular books with their corresponding movies:

- Charlotte's Web
- Jumanji
- Charlie and the Chocolate Factory
- The Lion, the Witch and the Wardrobe
- The Wizard of Oz
- Pippi Longstocking
- Alice in Wonderland
- The Secret Garden
- A Wrinkle in Time
- Clifford, the Big Red Dog

Curious George
