

Hawthorne Village

Mattamy offers two great reasons to visit Milton this weekend

SIOBHAN EVANS Editor

Mattamy has built homes for more than 10,000 families in Hawthorne Village in Milton. It is the single largest WideLot™ community in the country and comprises a series of very distinctive neighbourhoods nestled in and around the escarpment.

This weekend they present two more ways for families to enjoy living in this wonderful community. In the existing community of Hawthorne Village Vista, right at the foot of the escarpment, Mattamy is releasing a new detached collection of homes. And they are also opening a completely new neighbourhood in Hawthorne Village called Hawthorne Village on the Park. The name is more than appropriate, as there is a massive, lush park right in the heart of the neighbourhood.

Mattamy's Vista release will include 36', 43' and 50' detached homes that have been architecturally designed to fit right in with the existing styles in this impressive, well-established neighbourhood with the escarpment reaching to the sky.

Hawthorne Village on the Park offers something for every kind of buyer from first-time, to large families to empty-nesters. The homes include a brand new selection of Village homes and WideLot™ Townhomes as well as Mattamy's SPIRIT collection of Rear Lane Townhomes and detached 30', 34', 36' and 43' WideLot™ homes in

Entertaining is a breeze in your new kitchen/family room.

a wide variety of exterior and interior styles. These homes represent everything families expect to find in a new home these days, all with Mattamy's complete attention to detail and ability to provide a satisfying experience to each and every homebuyer.

Homes here offer very scenic views of the escarpment and the park will provide families with opportunities for recreation, playtime and family picnics. The streets will wind gently to calm traffic. Many of the home designs feature front porches, which helps add good old-fashioned friendliness to the streets. Mattamy Homes

quite possibly offers more exterior styles than any other builder so the streets will have character and variety with architectural individuality.

Mattamy has been involved in Milton for more than a decade and this new neighbourhood will further their reputation as a builder who really understands the rhythm of life in this area.

Milton itself is a worthy representative of the charms of historic small-town living in Ontario. Its main street is actually called Main Street and it offers a host of trendsetting bou-

tique shopping, fine dining, nightlife and cultural activities. The farmer's market, held every Saturday, draws a crowd to the downtown area where streets are closed to traffic for a more casual shopping experience. And because of its proximity to the escarpment, you'll find wonderful conservation areas and environmentally protected sites in and around the town.

This is an area of growth and prosperity. It is in the heart of Ontario's industrial belt with excellent transportation and highway access. The town has managed to accommodate this growth while maintaining its small-town Ontario heart. There are many historical buildings and homes in the downtown core that are well worth seeing on a casual Saturday morning stroll.

Given the popularity of this area for new homebuyers, Hawthorne Village on the Park and the latest release in Vista are very welcome additions. They are perfect complements to the existing neighbourhoods that make up Hawthorne Village, each providing a very distinctive flavour to overall life in the Village.

You'll find the Hawthorne Village Sales Centre a 10180 Derry Road.

Presentation Centre Hours:
Monday to Thursday 1pm-8pm;

Friday 1pm-6pm; Saturday, Sunday and Holidays 11am-6pm
