

Kornuta show at downtown gallery

Many Miltonians have passed by Ann Kornuta on the way to the farmers' market, catching just a glimpse of her in creative mode.

Now the local artist will offer a more in-depth look at her work through 'Adventures in Trespassing,' a solo show that begins tonight at Main Street's Dorland-Haight Galleries.

Through her latest collection, Kornuta

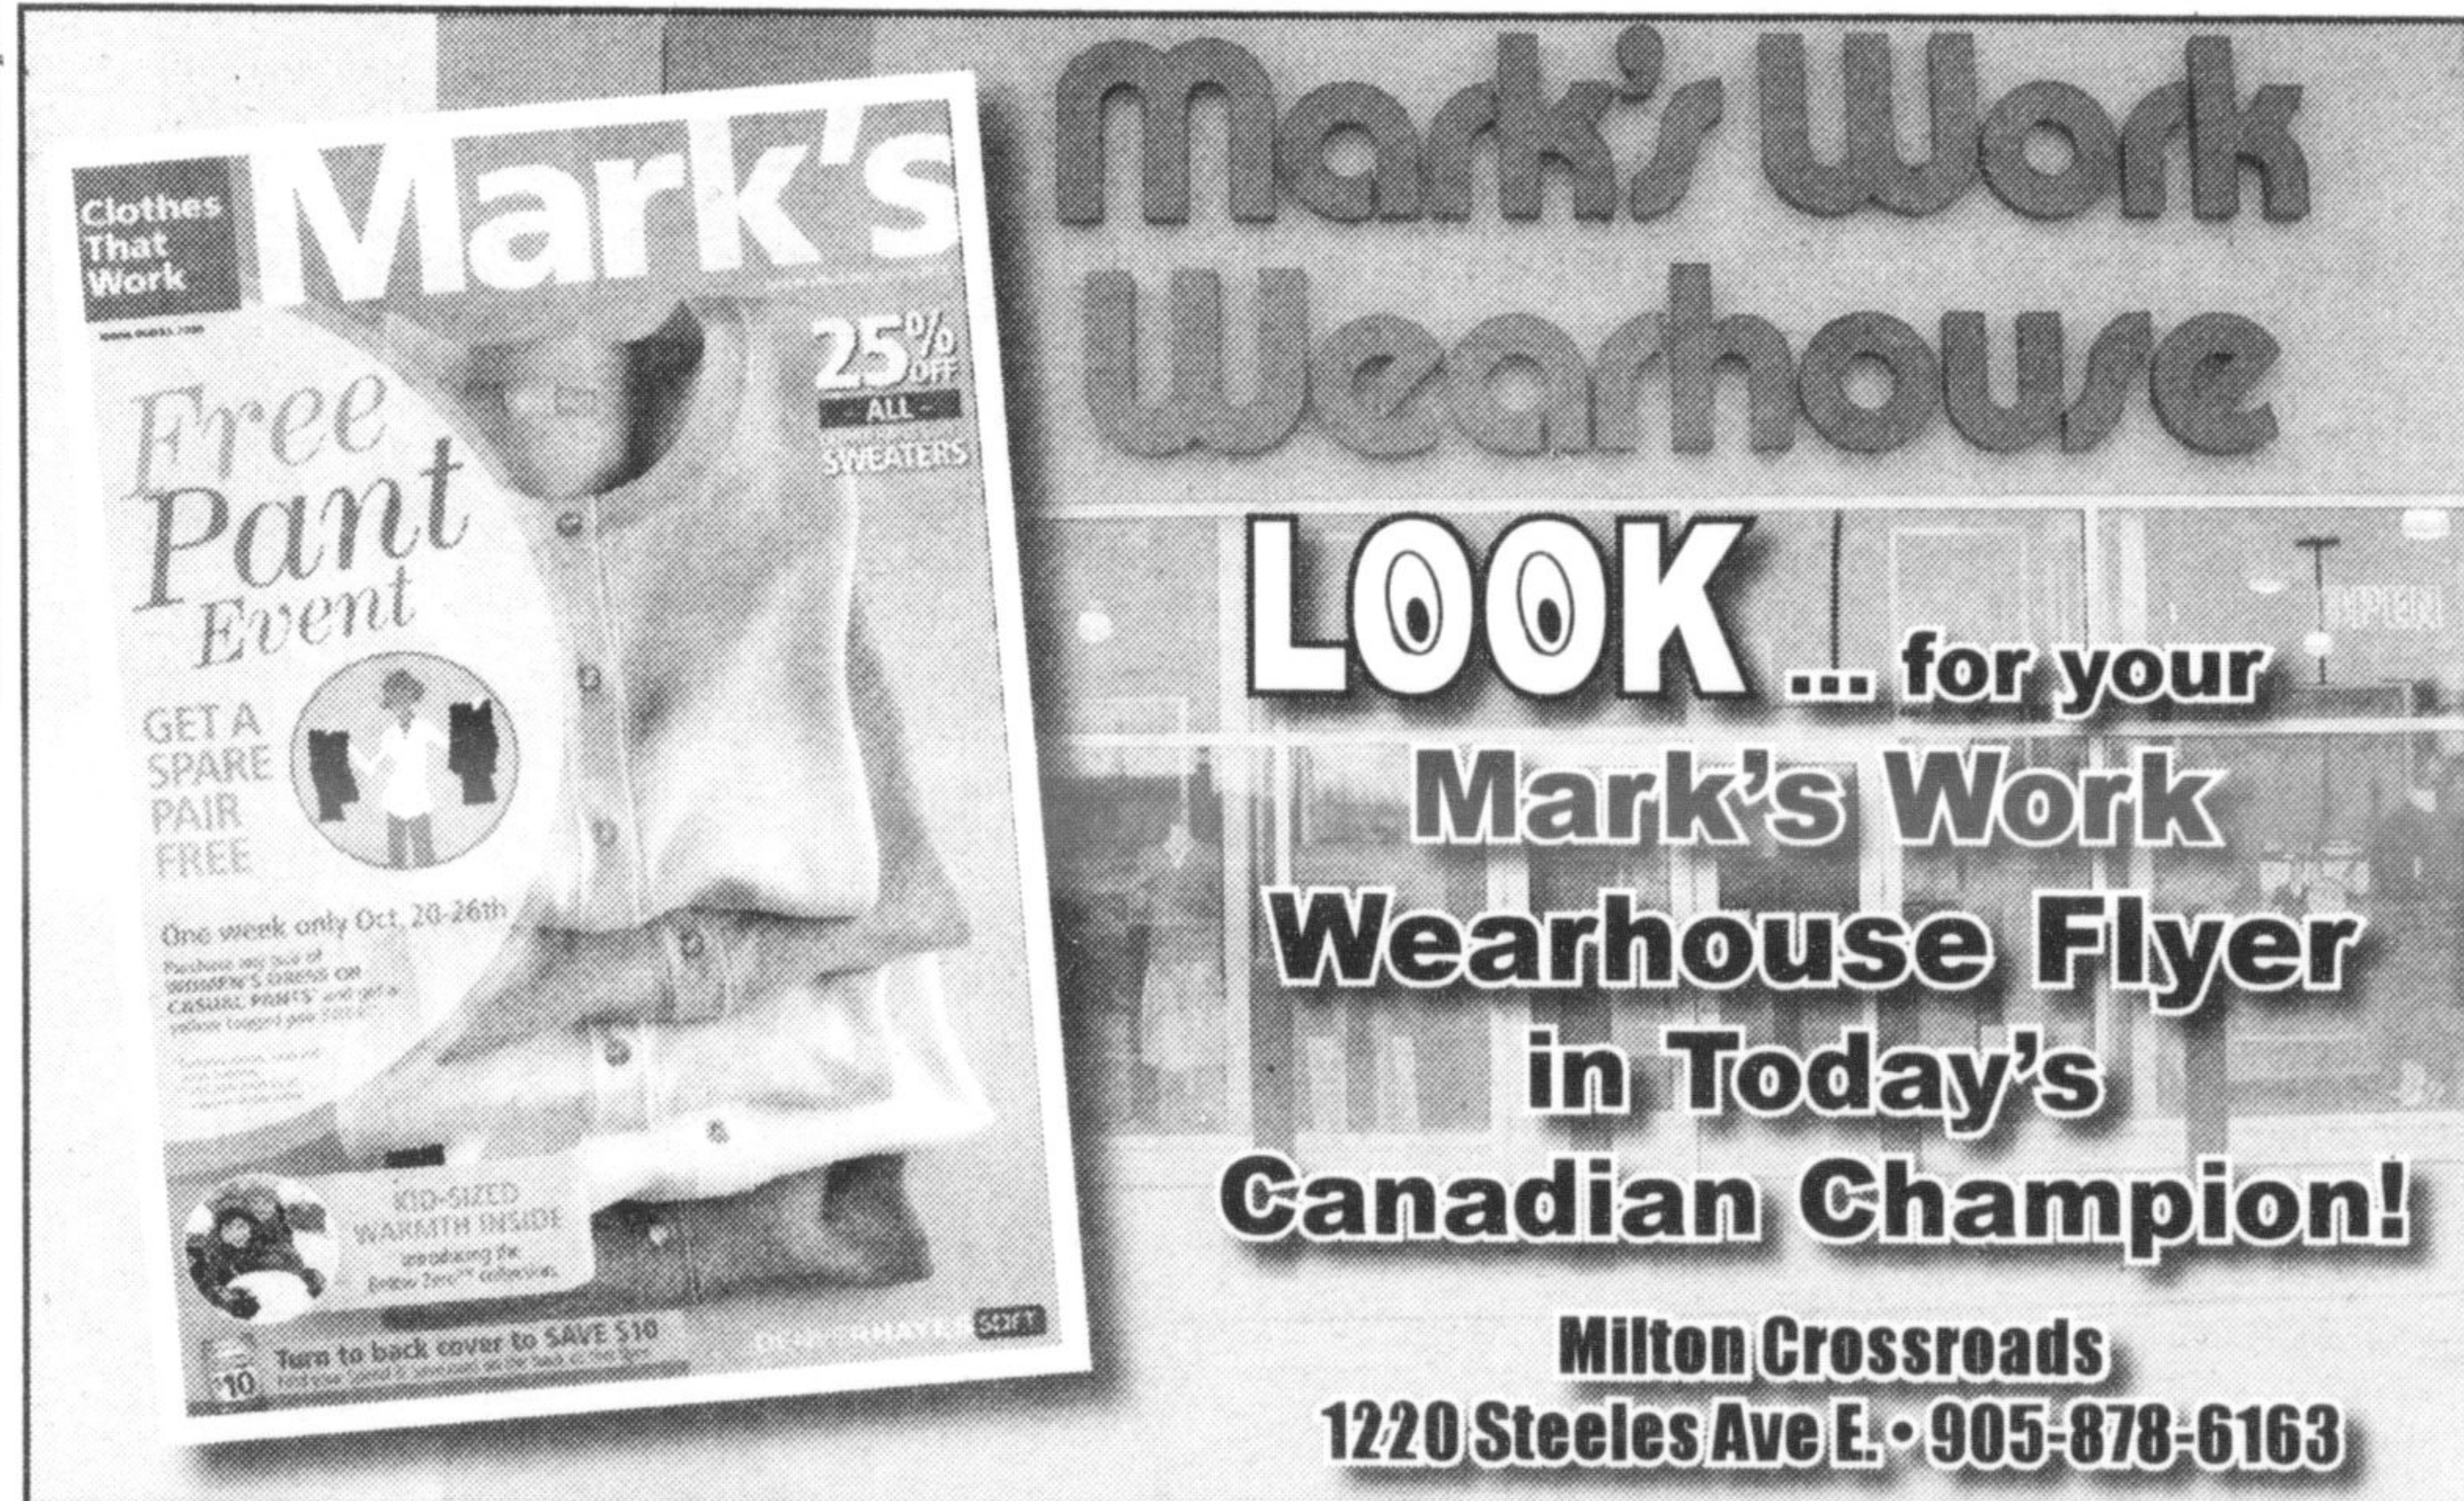

explores Milton from forbidden vantage points and captures those in what she characterizes as an "inimitable way."

Having sold more than 300 paintings since 2005, she's branched out beyond her hometown in recent years and had her illustrations featured in a number of publications.

Tonight's opening starts at 7 p.m. and the exhibit runs until November 13.

"The business that considers itself immune to the necessity for advertising sooner or later finds itself immune to business."

Milton chiropractor turns author in inspirational book

Words of wisdom from a Milton chiropractor can be found between the pages of a book aimed at encouraging and inspiring readers.

Dr. Marlene Turner has been published alongside 18 other female chiropractors from Canada, the United States and Australia in a book entitled *Pearls of Wisdom, Pure and Powerful*.

The book is a compilation of warm, personal stories that display understanding, knowledge and insight from a group of successful female chiropractors.

Turner has served the Milton community from her downtown office for nearly 30 years and during that time has raised four children

and been involved in local community endeavours. She has also served with various chiropractic organizations — a few of the reasons she was chosen to contribute to the book.

"Her life demonstrates that it is possible to raise a family and run a successful business at the same time," reads a press release.

The book aims to help people live an "authentic life," which fits in with the chiropractic philosophy — living a healthy, balanced lifestyle.

Pearls of Wisdom, Pure and Powerful, is being promoted worldwide at various chiropractic conferences and is available on amazon.com.
