25th wedding anniversary

Congratulations and good

By Mrs. Cecil Patterson The 54th annual meeting of the North Trafalgar Community Club was held on Sept. 11 at the home of Mrs. Alfred McCracken, Mississauga. Twenty members were present and welcomed two visitors and former members Mrs. Fred Sthephens of Troy and Mrs. Elmer McDowell, Milton. The president Mrs. Jim May opened the meeting with all singing the Ode and welcomed all to the first meeting since June.

Thank you letters were read from Mrs. Hasel Dalgleish and sons and Jack Miller who is in hospital. Several cards and gifts are to be sent to members, and a gift was to be sent to Mr. and Mrs. George Duncan celebrating their 25th wedding anniversary Sunday, Sept. 14. Annual reports were given,

which showed that four members had attended every meeting in the past year. These were Mesdames A. Ball, S. Barnstaple, J. May and E. Ball. The club had contributed to several local worthy causes and had helped with the Cancer Drive. The treasurer reported that

the club had raised their money by convening three euchres at Percy Merry school and had held a plant and white elephant sale, and that finances were adequate as the club prepares for a new year of community activities. The retiring officers were presented with gifts for their untiring efforts during the past year, president Mrs. J May, secretary Mrs. P. Vander Dussen, and treasurer Mrs. G. Leslie.

The nominating committee Mrs. J. Millar and Mrs. A May presented the new slate of officers and officially installed them. A poem

"Nomination" composed by Mrs. Maybelle May was read

and enjoyed by all. The officers for 1975-76 are president Mrs. J. Hannah, first vice Mrs. Marion Leslie, second vice Mrs. J. D. Cor- ceived. dingly, secretary Mrs. Peter Vander Dussen, assistant secretary Mrs. S. Barnstaple, treasurer Mrs. G. Leslie, assistant Mrs. N. Sparling.

The newly elected presi-

dent took the chair and presided for a brief meeting.

by the service clubs in town.

Mrs. Dalgleish gave a report on the building of the new

club signs Remedial reading report filed

Following a brief presentation and a few questions from trustees Halton Board of Education members accepted a report from the ad hoc committee on remedial reading. Among the committee recommendations were that the number of people employed to help children with reading problems be increased and that the readability of reading material in Halton schools be examined.

The committee also thought teacher training schools should place greater emphasis on reading and communications with parents concerning children's reading problems

should be improved. In addition, the committee wants testing procedures

improved for diagnosing children with reading problems and greater consistency in reading training for Halton pupils.

Car-cow accident termed "act of God"

Harris Elliot of R.R.1 Campbellville and his wife were motoring down the Guelph line last Wednesday night when their car was in collision with a cow. A "large cow" according to Milton O.P.P.

\$200 left this life shortly afterwards. The Elliott's 1967 Dodge received \$900 in damages to the

front end when it piled into the rear of the cow. The animal was standing in their lane, police said. And if that's not enough to ruin a week, The Elliott's found out later the accident may end up costing them some

No one was injured in the accident, but the cow valued at

Same insurance company Mrs. Elliott said Monday in an interview both they and

the owner of the cow, John Simpson of R.R.1 Campbellville, are insured with the same firm. A flabbergasted Mrs. Elliott said the insurance company told her 45-year-old husband that he will have to pay the \$900

to repair the car, as the collision with the cow was "an act of "We thought this whole thing was funny at the time," she said, "but we sure don't now."

They have retained a lawyer to contest the insurance company's ruling.

The accident occurred at 8.45 p.m., one-half mile south of No. 20 Sideroad, police said. It was dark at the time.

Library sets records circulation, members

Milton Central Library has been busy setting records, ever since the new library building opened on the site of the former Bruce St. School a year ago this week.

Circulation, services and membership are at all-time highs, reports Chief Librarian Shelagh Conway. Even the usually slack summer wasn't at all slack as members poured in and books poured out.

"It's not just books, we're noticing a general heavy increase in all the library's services," she said.

Circulation of materials (books, films, records) has reached 60,140 in the first eight months of this year, compared to just 43,702 circulation in the corresponding period of 1974 when the library was occupying cramped quarters in a former Main St. store. That's a 37 per cent increase!

Busy summer January circulation of 8,636 holds the record for 1975 to date she said. But the lowest circulation month to date this year was May (6,598) compared to the lowest month in 1974 which was July at 4,494. Meanwhile the summer months were extremely busy with circulation up over 3,000 pieces in July and almost 3,000 again in

Membership is also growing rapidly with 1,282 new members signed up to date in 1975 for an almost 100 per cent membership increase. Of these, 177 signed up in July and 155 in August, figures the librarian called "abnormal".

Film circulation reached 100 a month average this year, which is more than double the 1974 statistics. The lowest month for film rentals was April at 96-January was high at 132.

515 records in one month Record circulation is averaging over 300 a month and ranges from a low of 110 to a high of 515 in that busy January.

programs at the library are also highly suc-cessful. Hundreds have visited a Canadian Champion historical display in the local history room since labor day weekend, and there are 40 people signed up for a six week free lecture series on investments, wills and insurance.

More programs

A Canadian film festival got off to a successful start last week and continues Tuesday evenings to Sept. 30. Special programs in the future family film nights Oct. 6 and Nov. 4; a talk on ESP by Eileen Sonin Oct. 21, a talk on antiques and pioneer life in Canada by well-known author Una Abrahamson Oct. 30, a special evening dealing with fire safety in the home put on by Milton Fire Department Nov. 6, and a display of artist Frederick Coburn's work on loan from Hamilton Art Gallery Nov. 10

Another family film night is scheduled Dec. 2 and a festival of Christmas music featuring Holy Rosary Folk Choir will be held Dec. 7.

Special children's programs are planned Saturdays from Sept. 27 to Dec. 13 including story hours, films, crazy crafts, puppet shows, a talk on caring for pets and a Hallowe'en program. Pre-schooler story programs are held every Monday at 2 and Wednesday at 10.30 a.m. and 2 p.m. starting the week of October 6. An eight-week series of discussion and film for mothers, "Understanding Your Child" starts Oct. 8 in cooperation with the Halton Health Unit.

Even film shows during the summer months played to larger than expected

audiences. An average of 30 to 40 people attended free Friday night films. The preschool story hours through last winter were also successful, as a matter of fact they were all full and there was a waiting list of would-be participants. Mrs. Conway said community service

Will rework new berm

Milton Council's community service committee agreed Monday to a request from Phillip Healey of 850 Bishop Court to rework the contours on a berm at the back of his

Mr. Healey told council that "it was murder to mow the lawn because of the steep grade of the berm." The berm is about 30 feet wide and six feet deep he said.

The berm was put in as part of a subdivider's agreement to protect residents from visual and noise pollution.

Works superintendent Bruce McKerr assured council that the reworking and reducing the size of the berm would not affect drainage on a neighbor's property.
