MOLD-MASTERS LIMITED

WE ARE a unique Canadian company which has successfully combined efficient manufacturing, aggressive marketing with innovative engineering and development, to build a solid, respected reputation in over 25 countries for our superior melt-conveying systems.

YOU ARE a person with the desire and ability to make a significant contribution to a highly successful, growth-oriented Company. If you are interested in one of the following positions, we should get together and talk about the future.

MECHANICAL DRAUGHTSPERSONS
- to assist in the design of injection molding systems
- should have a mathematical background with a good mechanical aptitude, preferably gained in the plastics industry
- must be self starters, with a good team spirit, and three years related experience.
- refer to file number E101

LEAD HANDS—MOLDING
- reporting to the General Foreman, will run a shift in an injection molding plant with several machines
- must be willing to work afternoon and night shifts
- two years experience in the plastics industry, preferably in set-up work or maintenance
- must have abiiity to accept responsibility
- refer to file number M101

LEAD HANDS—MILLING
- will report to Senior Foreman
- should preferably have served apprenticeship followed by five years in milling or general machine shop work
- must be able to read blue-prints and have expeer-ience in trigonometry
- should be willing and able to train junior staff
- refer to file number S101

All of these vacancies offer an excellent salary/benefits package commensurate with experience and responsibility, plus ample opportunity for self-development within our rapidly growing organization.
If you feel you have the qualifications, and would like to explore a future with us, call or submit your resume in full confidence to:
