Aeros currently stand seventh in the 12team league. The club is three points ahead of Paris and trail fourth-place Dorchester by four points. Most club enplayoffs, the first four clubs pick their opponents and have the home-ice ad-

vantage in the first round. The team has good and bad news with regard to players. A recent mass signing has supplied the club with enough players, but almost all are forwards, leaving a hole on the defence and one in goal where just John Muizelaar remains. Muizelaar has played the past nine games because Pat Devlin left the team due to an OHA rule preventing him from using his fiberglasmoulded mask. He recently transferred to

Aero spokesman Russ Lane said the team was pursuing a couple of avenues for defencemen but had no new leads on another goalie and might try to talk Devlin into staying and using a different goal

Among the players Lane said he was pursuing were ex-Aeros Marty Seeds and Mike Penwarden.

For the third week in succession, Milton Welding has fought off another pretender to the throne. Next week, they'll have to

beat yet another challenger. Since Welders have become hot in the White Oaks Hockey League, the club has had to battle for first place. In each of the past three weeks, Welders held on to secure the win and mail down its grasp on

the top spot which moved into sole possession of second spot courtesy of a 6-4 win over Attitudes of Oakville, will battle with Welders in yet another battle for the top spot.

Welders had their work cut out for them Sunday although the club received a pair of goals late in the game to secure a 6-4 win over Peak's Industrial.

The Welding crew played the game with just seven skaters including two defen-

In the other game of the week, Russell's Towing had quite a battle but subdued Universal Swim Centre 6-4 to hand Universal its ninth loss of the year.
