Woman Waits to Jail Until '35 is Released.

Burlington, Nov. 10.—Mrs. Frances Barrett, who pleaded guilty over a week ago to a charge of bigamy and was remanded for sentence, appeared again this week and was given her freedom, provided that she pays \$50 court costs. As the young man could pay only that amount, she was returned to the county jail, but stated that she could later secure the balance from friends. Mrs. Barrett had been arrested at the request of Charles Sutton, of Freeman, to whom she was married about two years ago, having been married to Mr. Barrett, who is still living, in 1899. Later, the case had since been sent back to three months in the county jail.

WEDDING.

BOYD-BENTLEY.
A quiet wedding was solemnized in Grace Church, Milton, on Saturday, when Kathleen Bea Bentley, R.N., daughter of Mr. and Mrs. Bertram Bentley, of Milton, became the bride of Dr. William James Boyd, son of Dr. and Mrs. Boyd, of Harrow, the Rev. Canon Natel officiating. The bride, given in marriage by her father, was unattended. She wore her graduation gown of blue silk crepe trimmed with blue lace. After the ceremony a wedding luncheon was served at the home of the bride's parents. GRACE CHURCH.

Grace Church celebrated its 70th anniversary on Sunday last with fitting and largely attended services. It was in the year 1864 that the Rev. Francis Cresswell was appointed first rector and was instrumental in building a church on the site presented by Mr. Joseph Martin. The present edifice was erected in the year 1880, the stone being laid by the Rev. of Aberdeen on June 28th, and the structure opened for service Nov. 12th, by the Rev. F. T. Mignot, who has, we are happy to say, been honored by the King by being made Commissioner of the Most Excellent Order of the British Empire. Grace Church has enjoyed many beautiful and soul inspiring services, but none more so than on Sunday last, when at the morning service three persons were received into the church by baptism, and in the evening forty were admitted into full membership in confirmation. Bishop Broughall endeavored himself to all by his message and made everyone feel that there was a real father in God in all, regardless of creed or denomination. The church was packed to the doors and the church wardens and rector assure all of their warmest appreciation of your presence.

Hornby Women's Institute.

The October meeting of Hornby W. I. was held at the home of Mrs. C. Wrigglesworth on Oct. 11th. After the opening exercises various matters of business were discussed. The matter of teaching music in the schools was one item of interest. After discussion it was decided that it would be necessary to offer to help the five schools in the immediate territory. It was carried that \$75 be raised and donated to these schools for the purpose of helping to pay a music teacher. "Teen dollars to go to each school. These include Hornby, S.S. No. 7, Mrs. Curdy's, Curdie Brae, and S.S. No. 4. It was carried that we accept the invitation from Omagh W. I. to meet with them in Milton on Nov. 7th and also provide some program. Please bring a selection were rendered by Miss G. Johnstone; interesting readings by Mrs. Sibbald and Mrs. Douglas; Miss L. Merry gave vocal solo. The debate, "Resolved, that grandmothers had as many chances for enjoyment as granddaughters," proved very interesting. The affirmative was ably upheld by Mrs. Robinson and Mrs. George Kennedy. The negative was supported by Miss V. May and Miss Ella Peacock. A vote by ballot showed the affirmative to be the winners. The roll call—Grandmother's maiden name—was well answered by thirty-three ladies present. A dainty lunch was served at the close.

The November meeting was held at the home of Mrs. S. Gordingley on Nov. 8th. Reports from convener of music committee showed that several school boards would discuss the music question at the annual meeting. Hornby School, however, signified their intention of starting at once. A letter concerning the Toronto convention was read. Mrs. Z. Scott was chosen to represent Hornby W. I. After discussion it was decided to make a quilt for a needy family. Members to contribute either by money or by making quilt block. The Current Events were then given by Mrs. W. McCurdy. Vocal duets were given by Messrs. Giffon and May. The paper on "A Canadian Author" by G. M. Montgomery was well given by Mrs. A. King. Misses V. and M. May favored the meeting with a piano duet. Mrs. A. Brain, of Hornby, gave an splendid address on health. Mrs. Cordingley gave most helpful hints on sewing. The roll call—How to make a farm home more convenient—was well answered by the thirty-five ladies present. After closing by singing the anthem a dainty lunch was served. As this was an evening meeting the gentlemen were also present.

HERON CAUGHT TROUT

That heron is a destroyer of fish was demonstrated not far from Flesherton last week. A hunter was walking along the river bank and noticed the heron fly up suddenly with a fish in its mouth and he immediately fired and shot the bird. At the same time the heron dropped the fish which fell on a small stick that kept it from slipping into the water. The hunter waded out into the stream and secured the trout, which was 15 inches in length when measured and weighed one pound and four ounces. He secured the heron and while carrying the bird by its legs another smaller fish dropped from its mouth to the ground. This one measured 10 inches in length. It appears as though the heron is a greater enemy to the speckled trout than the humans are in those parts.
