MATURALLY we are proud to have created Canada's

most popular automobile. All the more so because

people are counting values-comparing guality-checking on delivered prices-as never before in automobile history. Chevrolet has always been stronger on proof of value than on mere "claims". People recognize this in Chevrolet's many exclusive features: Fully-enclosed, protected "Knee-Action", Body by Fisher, valve-in-head six cylinder engine with Blue Flame head, Fisher built-in Ventilation, exclu-

sive YK frame, to mention just a few. And just as long as motorists go on comparing, checking and testing. Chevrolet will hold and increase its great sales leadership. Becau e Chevrolet refuses to compromise on quality. The industry's leading engineers . . . the great General Motors Proving Ground . . . and an organization with "an ear to the ground and an eye to the future" . . . take care of that. Low delivered prices-easy GMAC terms.
