TO PERSONS OVER THIRTY Good health cannot be taken for granted any more than a good income can. So for persons over thirty it is just as smart and business-like to plan to enjoy good health as it is to plan to enjoy a good income. And it's just as much a matter of plain common sense to

HEALTH SELDOM COMES BY CHANCE

check up on yourself. In health, your shortcomings are, at first, likely to be those annoying, not-exactly-well feelings. At such times, if your blood were tested, it would most likely be found "low in count". This means a shortage of red corpuscles and the corpuscles themselves short of haemoglobin. Make up this double shortage, and ou'll come up to normal health again. Neglect it and serious results

Observing, in his practice, the importance of keeping the vitality of the blood up to normal, a Canadian authority originated a bloodbuilding preparation which has been helping run-down people back to health for nearly half a century. This preparation, now known blood "count" in the majority of cases, thereby restoring vitality, steadying nerves, imparting strength and toning up the whole system. So the person over thirty who finds good health slipping, remedy. The element of chance has been practically eliminated in such a treatment, because tests recently made by an authority in a that Dr. Williams' Pink Pills certainly improve the health by enriching the blood.
