

Election Day, October 14th.

The Federal election will be held on Monday, Oct. 14th, Prime Minister Bennett announced last night. The Seventeenth Parliament of Canada was dissolved yesterday. Writs for election will be issued today, returnable on Saturday, Nov. 9.

It is five years since the last Dominion general election, the balloting taking place on Monday, July 28th, 1930. Premier Bennett was swept into office with a majority over all and was sworn in on August 7th.

The present parliament is the third since Confederation that has not lasted the full five year life. The Parliament of 1922 was not dissolved until 1926 while Sir Robert Borden's administration of 1911 continued until 1917, Canada then being in the midst of the war.

NEW TAX PAYMENT DATES.

The by-law passed by the council on Tuesday evening provides for the 1935 taxes being paid in three equal instalments, namely: on September 9th, October 14th and November 18th. Any person paying his or her entire 1935 taxes on or before September 14th will be allowed a 2 p.c. discount on the entire 1935 taxes. Any instalment not paid within 5 days from the date shall bear interest at 3 p.c. per month until December 31, 1935, after which date the statutory penalty of half of one per cent per month will be added in addition to any penalty added prior to December 31, 1935.

BLAKELOCK PICNIC

A BIG SUCCESS

Premier Hepburn opened his Dominion campaign at the Blacklock picnic at Oakville on Saturday evening before an audience of over five thousand people. He scored the Bennett Government for its high tariff policy which has nearly ruined the farmers and other primary producers of this country. He showed that our trade with other nations has been cut in half and it is some instances has been lost entirely through tariffs, which are practically prohibitive. In closing the speaker referred to Hughes Cleaver, the Liberal candidate in Halton riding, as a man in whom he had great confidence, and he urged his listeners to spare no effort to send Mr. Cleaver to Ottawa.

At the conclusion of the Premier's address, E. Harrop, as President, and on behalf of the Liberals of Halton county, presented Mr. Blacklock with a beautiful grandfather's clock, in honor of his 51st birthday. Mr. Blacklock, who was taken completely by surprise, expressed his deep appreciation for the gift.

Hughes Cleaver, the next speaker, was introduced by Mr. E. Harrop, of Milton, the President of the Halton Liberal-Progressive Association. In dealing with present day conditions in Canada the speaker stated in part:— "Present day conditions among ordinary people, the farmer, the mechanic, the small business men, the widow and handmaid, amid plenty, are a disgrace to our Christian civilization. In a land as wealthy as Canada in products of field, forest and mine, it is an insult to your intelligence and political party to tell you that present day conditions are all caused by a depression. If reforms are to be effective they must come from a party anxious for reforms and not from the Bennett Government, which before election, promised markets for farmers and to cure unemployment, and instead of keeping these definite promises gave us 600 new millionaires, all since 1930. The worker has been given the dole instead of employment. The farmer has been given official receivers, instead of markets. He stated that it was evident by all that amendments to the British North America Act would be necessary and called attention to the strategic position of the Liberal party in Canada today. The consent of the Provincial Government will be necessary to amend the B.N.A. Act. All of these governments but one are now Liberal. He repeated Mr. King's promise to repeal the present high tariffs, which have strangled our foreign trade and crippled both the farmer and the small business man. The Liberal party, if elected, will establish a National Bank and regulate for Parliament the control of currency and credit. The Liberal party is pledged to a fair and just distribution of wealth with an increasing regard to human needs to the furtherance of social justice.

The crowd was entertained by games, wrestling bouts and musical selections. Everyone had a good time.

MORE APPENDICITIS IN CANADA AND UNITED STATES

In Canada and the United States, appendicitis as a cause of death is more frequently reported than in any country of the civilized world. In these two countries, the death rate per 100,000 during recent years, has averaged around 14 to 15, whereas in Europe it has ranged from 3 to 12. Despite wider knowledge of the pathology of the disease, improved operative technique, and added hospital facilities, declare the statisticians of the Metropolitan Life, the mortality from appendicitis today is much higher in Canada and the United States than it was twenty-five years ago.

The statisticians note that in Canada the highest appendicitis death rate are to be found in those provinces where population is sparse and hospitals are often hard to reach. This is true in Alberta where the highest appendicitis death rate is in the Dominion, 19 per 100,000, is reported. The next highest mortality is Saskatchewan (17 per 100,000) and the third highest in Quebec (16 per 100,000).

Mrs. Peter D. Scott Laid to Rest

The funeral of the late Mrs. Jean Scott, widow of the late Peter D. Scott, who passed peacefully to rest on Sunday, in her 88th year, took place yesterday at Evergreen Cemetery. Deceased was born in Corgarr, Aberdeen Shire, Scotland, coming to Canada as a small girl with her parents 24 years ago. She was a member of the Presbyterian church. The pallbearers were Dr. McColl, Peter Scott, Dr. P. Scott, Peter Scott, J. H. Brown, Robert Stark, Rev. Mr. Kelly, of Lowville, and Rev. J. N. McNeil, conducted the service.

In the old days they married and worked together to get ahead; now they pinch pennies to pay for the diamond ring and the coupe.

Night owls, so 'tis said, don't all make the same kind of a noise. One kind says, "hoo hoo!" Another variety says, "hic hie!"

BASEBALL

Milton chalked up their initial victory in the first game of the play-offs to break the three-corner tie in the Lake Shore County Baseball League between Milton, Oakville and Port Credit.

The game was played at the Agricultural grounds, here, last Thursday, and the largest crowd of the season was on hand to see Milton come from behind to defeat Oakville 8 to 1. The teams in the Oakville 15 to 0, with A. Clements, J. Brish and C. Anderson playing a major part in the attack with the stick. Post and L. Wilson contributed two hits each for the home side.

Clever fielding by both teams featured the game. Milton had a smart double play in the second innings. W. Clements to J. Brish. Not to be outdone the home side pulled one over off as clever in the third, D. Wilson to Carter.

This Oakville squad are just a bunch of fielding fools. Last Thursday's game is about the seventh they have played this season without an error. London, pitching for Milton was at the top of his form and turned in a great effort, holding the losers to six well-spaced hits. Galbraith, Oakville's clever south-paw, started off well but weakened as the game progressed.

Oakville 000 100 000-3 6 0
Milton 000 220 000-8 15 2

Batteries—D. O. Galbraith, G. Galbraith and Lyons; London and A. Clement.

Umpire—Jackson, Hamilton, Nicholson, Toronto.

Behind the stellar pitching of their left hand ace, D. Galbraith, Oakville defeated Milton 12 to 2 in a play-off for the league championship at the Oakville Park last night before a record crowd.

The win gives Oakville the advantage over Port Credit in the play-off for the championship. The fielding of the winners was again sensational. They played errorless ball.

L. Wilson and Brown led the hitters with three each and Lyons hit a homer with two on in the fifth.

Toletza was high for Milton with a three-base hit and a single.

Post, of the winners was the champion walker of the day, getting free transportation four times out of five.

Milton 000 010 000-2 7 6
Oakville 101 190 000-12 13 0

Batteries—London, K. Clement and A. Clements; Galbraith and Lyon.

Umpire—Pete Jackson, Hamilton; Joe Nicholson, Toronto.

Milton juveniles were undaunted by the drubbing they received at Acon last week and came back in a twilight fixture last Monday, at the Park here, to win 15 to 3, to tie up the series. The third and final game for the championship will be played at Oakville today. Milton took an early lead. Nine local players went to bat in the first innings to score six runs on five hits, which included two three-base hits and a homer.

The locals played a superior game of ball throughout the game and the splendid pitching of Ezeard, along with the heavy hitting of his mates, were also outstanding features of the contest. The winners had runners on the bases in every frame and had the large crowd in a frenzy throughout the pastime.

Acton used two pitchers, Lambert and Elliott, who were hit freely. Ryder was their heavy hitter, with three singles. Patrick and Guthrie appeared to be the best in the field.

For Milton D. Brush and Ezeard led hit-first with four each, J. Sproat hit first and Patterson two. B. MacNabb hit a home run and gave a spectacular exhibition of fast baserunning that was a treat to watch. In the second frame the homesters executed one of the best double plays seen here in some time. Brush to Lyte to Brush.

Acton 002 010 000-3 5 5
Milton 011 320 200-15 16 3

Batteries—Lambert, Elliott and Lambert; Ezeard and Andrews.

Umpires—Jedshaw and Crew, Oakville.

Overcast skies and threatening rain failed to interfere with the game at the agricultural grounds here last Saturday, when Port Credit went up into a triple tie with Oakville and Milton, when they defeated the locals 9-2 before another good turnout of spectators.

Yarnell, who opposed K. Clement on the mound, was no puzzle to the losers, they hit his offerings hard and often and had him in trouble most of the way, but stellar fielding helped him over the difficulties.

Failure to hit safe with men in scoring positions had a lot to do with the homesters defeat.

Both J. Anderson and Kennedy, rival left fielders, drew rounds of applause for two sparkling catches. In the ninth Milton had a fast double play, K. Clement to C. Anderson to J. Brush.

Biscaro with a double and two singles led the winners attack. A. Clement was the only Milton player to get two hits.

There was more excitement than expected. A hot argument as to the legitimacy of a run scored by K. Clement in the fourth on a wild pitch by Yarnell held up the contest and was blown off by an unknown reason played the game under protest. A Port Credit fan, about the size of a half hogg, in fact, if he had pulled up his socks he would have been blindfolded, stepped on the diamond in a very ferocious manner. By this time Charlie Allen had also got into the fray, saying plenty and he was no better than Gunga Din. That was enough for the chap with the model T hat.

Score by innings—
R H E
Port Credit 002 000 115-9 12 2
Milton 010 100 000-3 5 5

Batteries—Yarnell and Benson; K. Clement and A. Clement.

Umpires: Jackson, Hamilton, Nicholson, Toronto.

MIDDLE SCHOOL EXAMINATION RESULTS

OBITUARY.

MRS. W. GEO. WILSON.

An illness of long duration was climaxed on Sunday, Aug. 11th, when after much patience, pain and Christian fortitude Mrs. W. G. Wilson passed peacefully away in the presence of most of her family. The late Mrs. Wilson was well known in Halton and Peel counties. She was the daughter of the late John Hunter, of Esqueping township.

The late Mrs. Wilson was in earlier life very active in the community. She was a member of St. John's Anglican Church, Stewarstown, but of late years had attended Ashgrove United Church. She was also a member of Ashgrove Women's Institute. Her kindness and loving solicitude won for her the affection of all with whom she was associated. She survived by her husband, her daughter, Mrs. Stanley Gowland, of Milton, and six sons, Wilton J. Phm.B., of Ottawa; Dr. A. Wilson, of Woodstock; and Earl, Clayton, Guy and Frank Wilson, of Esqueping township.

The funeral services were conducted on Tuesday afternoon from her late home at Ashgrove, with Rev. Mr. Eyre in charge, assisted by Rev. G. Thompson of Mount Hamilton, Rev. Mr. Neill, of Glenora, and Rev. R. V. Wilson, of Norval. The large number of friends and relatives present was in evidence of the esteem in which she was held. The six sons of the deceased were pallbearers. The funeral tributes were many and heartfelt. Interment took place in Hillcrest Cemetery, Norval.

The Canadian National Exhibition opens one week from to-morrow.

Hold Derry Day At Georgetown

Reiterating their determination to fight concessions to Roman Catholic schools, members of the Royal Black Knights of Ireland, L. O. E. & L. O. B. A., assembled at Georgetown Monday for the annual Derry Day celebration and board speakers warn the Hepburn Government to keep their hands off the public schools.

Five thousand members cheered George McComb, Grand Master of the L. O. E. for Western Ontario, when he strongly criticized the attitude of the government to wards educational matters. He declared that Romanism was the greatest exponent of separatism, disloyalty and strife in the world today.

"Separate schools are a special concession granted to Romanism to teach religion," said Mr. Comb. "And I place a large question mark after the word religion. There is the pagan religion of Romanism taught in the schools, but also there is teaching that the children who attend these schools owe their first allegiance not to Canada and the British Empire but to Rome and Romanism."

Chairman of the speaking program was John Walker of Toronto. Addresses were given by prominent members including A. A. Grey, past master of British North America, and C. M. Caries, chairman of the Toronto Board of Education.

Halton Cattle Owners Approve T. B. Free Area Plan

Halton cattle owners have indicated their approval of the proposed T. B. Free Area Plan. Following the series of ten meetings which were held at various points in the county a few weeks ago, petitions were circulated and in all four townships more than the necessary two-thirds of the cattle owners' signatures were secured. In all slightly over 75% of the cattle owners of the county have petitioned in favour. The petition has now been sent forward to the Director of the Ontario Live Stock Branch, Toronto. We understand York county also has completed the canvass and 82% have indicated their approval. It is anticipated that as soon as the petitions are complete in Ontario and Peel counties a request will be sent forward to the Health Department by Honourable Duncan Marshall requesting that the area be accepted. Just what action will be taken by the Federal Department will not be known until sometime in the near future of Honourable Robert Weir, the Federal Minister of Agriculture.

While Durham and Northumberland counties were not included in the proposed T. B. free area, cattle owners there too are most anxious that they be included. According to latest reports over 90% of the cattle owners in these two counties have petitioned in favour. This almost unanimous expression of opinion in these two counties is no doubt largely due to their proximity to Prince Edward which has been a Restricted Area since 1927.

HORNEY

An exceptionally large congregation attended the reopening service at Horney Presbyterian church on Sunday at the first service since the reconstruction of the church. Rev. Ross Cameron, of Toronto, occupied the pulpit, his sermon being on "And there they crucified Him." The male quartette of Milton St. Paul's United Church, C. R. Turner, S. Fay, E. Fay and H. Galloway, sang several selections, followed by solos by Mrs. W. Anderson and Miss Ruth Giffin.

LOWVILLE.

Miss Eileen Gulling is visiting her grandmother, Mrs. Lynes, in Burlington this week.

Mr. and Mrs. F. W. Harbottle attended the Alderson reunion at Mr. and Mrs. J. M. Alderson's, Nelson, on Saturday.

Mr. Black, of Hamilton, visited the United Church Sunday School on Sunday morning and gave a temperance lecture to the Sunday School. The funeral of Mrs. Scott took place yesterday afternoon from her late home to Milton Cemetery. Rev. G. F. Kelly officiated.

Misses Barbara and Jean Snyder have returned from their trip to Vancouver, B.C., and report a very favorable time.

Rev. Dr. W. M. Kannawin, the General Secretary of the Sunday Schools and Young People's Society, addressed the congregation of St. David's Presbyterian Church. The music was provided by the male choir.

Mr. and Mrs. E. Drege visited at the home of his sister, Mrs. R. Early.

Miss M. McMillan, is visiting friends in Watford this week.

Mr. and Mrs. C. Ferguson spent the week-end visiting friends in Toronto.

VANNATTER FOX FARM

The Part the C. N. R. Plays in Marketing Canada's Crops.

So essential to the trade, commerce, and general welfare of Canada are the various classes of freight carried in the course of a year by Canadian National Railways that it is difficult to give pride of place to any particular one, but in their all-round importance to every section of the community, agricultural products must rank very high. They form the backbone of the nation's business activities and contribute directly and in large volume to its industry and employment everywhere.

During 1934 the C. N. R. carried over eight and a half million tons of agricultural produce, being an increase of 6.44% over 1933. In this total are included 134,700,000 bushels of wheat, 14,000,000 bushels of corn, 35,700,000 bushels of oats, and 15,500,000 bushels of barley; the aggregate of these commodities showing an increase of 4.1% when compared with the preceding year.

It is interesting to note that the average haul of each ton of wheat was approximately seven hundred and fifty miles.

Without the rail facilities of the C. N. R. no doubt some of this agricultural produce might still have reached a market, but it could only have done so at a much higher cost to the producer, and the quantity would necessarily have been negligible. For practically all the crops which enter into the figures above enumerated were placed in freight cars; points where the only rail transportation obtainable was that provided by Canadian National Railways.

These crops come from far scattered districts. In many cases from sparsely populated communities. . . but they are the result of the labours of men and women who each year create millions and millions of dollars of new wealth for Canada. In this work the C. N. R. is their partner and helper.

As is well known the crop movements of recent years have been much below normal. . . much below the standard of productivity of our prairies and agricultural areas, and much below the volume which the C. N. R. is equipped to handle. The figures quoted should, therefore, be considered in that light.

The carriage of agricultural produce is, of course, only one of the activities of the C. N. R. In every branch of rail transportation it is equipped to give the best of service. . . all the year round. . . under all conditions. . . economically, courteously, and competently. Your patronage is respectfully solicited.

During the present Summer season the C. N. R. is providing special fares and excursions between points throughout Canada. These are exceptional travel bargains. The nearest C. N. R. Agent will be glad to give full particulars.
