WEDDINGS

GOWLAND—FRANKLIN

On Saturday afternoon, in St. Luke's Anglican church, Burlington, in the presence of about 60 guests, a wedding was solemnized by Lillian May, daughter of Mr. and Mrs. Frederick J. Franklin, of Burlington, to Mr. Gordon Charles Gowland, son of Mrs. Gowland and the late Dr. M. E. Gowland, of Milton. Rev. G. W. Tebbas conducted the ceremony. Mr. Geo. Rapley played a beautiful program of nuptial music, and Miss Molly Hatley, of Milton, sang during the signing of the register. "Because" White roses were on the altar, and scarlet gladioli, palms and ferns made a colorful background. The bride, given away by her father, wore a lovely gown of white satin, in princess style, tiny buttons from the Peter Pan collar to the hem forming effective decoration. A close-fitting buttoned jacket was worn. The gown was trimmed and had a long, satin-pleated girdle. The net bridal veil was arranged with a wreath of flowers fashioned of net and pearls. The bride carried a shower of lilies of the valley. Mrs. E. R. Rogers was matron of honor, wearing a jaquette frock of turquoise lace, and a lace halo hat. Her shoes and gloves were of a matching color. She carried pink roses. Mr. Marshall Gowland, of Milton, brother of the bridegroom, was best man. Acting as ushers were Messrs. William D. and Murray Franklin, of Burlington, brothers of the bride, and Mr. Kenneth Dick, of Milton, and Mr. Frank Milne, of Burlington. The reception was held at the Estaminet, Burlington. Mrs. Franklin, mother of the bride, received in a becoming cape gown of pale blue lace and satin, with hat en suite. She wore pink roses. She was assisted by Mrs. Gowland, mother of the groom, who wore black lace, black hat, and crimson roses. On the return from the wedding trip, which is by motor and boat in eastern Canada, Mr. and Mrs. Gowland will take up residence in Milton. For travelling the bride donned a chic suit of pencil blue wool, with black felt hat and accessories. With this she wore a corsage of valley lilies. The parents of the bride also received wedding greetings on this occasion, which marked the silver anniversary of their own nuptials.

McCANN—FORD.

Saturday, Sept. 7th, at 4 p.m., a very pretty wedding was solemnized at "Archway Place," Milton, the home of Mr. and Mrs. D. Frank Ford, when their daughter, Ada Elizabeth, Reg. N., was united in marriage to Homer Edward McCann, son of the late Mr. and Mrs. Edward McCann, by the Rev. Mr. Byre, of Hornby. The ceremony took place on the lawn, under an arch of evergreen and fern, the bride wearing a modish gown of pale blue lace with pink sash and picture hat to match banked with pink roses. A corsage bouquet of pink lilies and orchids added to the grace and simplicity of the bride's gown. The bridesmaid, Miss Martha Boughner, Reg. N., wore a gown of lavender touched with apple green. The bridesmaid's veil was of the same material as the bride's. The groom was supported by Mr. Jack Ford, brother of the bride. The bride's mother, Mrs. D. Frank Ford, wore a very becoming gown of soft navy blue figured silk crepe. As the wedding party marched down the lawn to the arch the wedding march was played by Mrs. Robert Brownridge, sister of the groom. Mr. D. Frank Ford, father of the bride, gave the bride away. After signing the register a dainty luncheon was served, at which a number of friends of the bride and groom were entertained. The tables were decorated with rose-gown petals. After the reception the happy couple left for an extended motor trip.

Christ Church, Omagh.

Today we begin our third annual mission under the direction of the Rev. A. N. Barclay, C. S. M. Last year the total attendance for the week-night meetings was about 300. We are looking for a larger attendance this year.

The mission will conclude with our harvest thanksgiving services on the 15th. Preacher for the 11 a.m. service will be the Rev. A. N. Barclay, and for the 7:30 p.m. service the Ven. Rev. G. F. Scoville, Archdeacon of the Deanery of Halton.

BURGLARS IN PALERMO—Burglars are continuing to rob stores and garages. First it was the general store, the post office and the barber shop, and early last Tuesday morning it was the garages of John Lee and Anson Lucas. Gasoline and two auto robes were taken from Mr. Lee's car. It is thought the robberies took place between 12 and 1 o'clock, because Mr. Lee thinks the thieves tried to enter the house, leaving when they knew they were heard. Tools, sweaters and working clothes were taken from Mr. Lucas' garage. Constable Patterson, of Bronte, is investigating.

TO THE ELECTORS OF HALTON COUNTY:

You have now heard from all of the four leaders of the parties seeking your support at the coming Dominion elections, which will be held October 14th next.

In this column during the next few weeks I will endeavor to place before you material to assist you in making your decision.

During election times facts and figures are often so badly distorted and misused that the electors are bewildered and confused.

During my discussion of the different questions of the day, in order that there may be no doubt in your minds, I will confine myself to Conservative figures, quotations from the Mail & Empire, the Hamilton Spectator, and Hansard, the official government organ.

Things have not been going well in Canada during the last five years. Though we have a country rich in products of the field, forest and mine, though we have a country capable of supporting in comfort and plenty ten times our present population, what do we find? We have over one million persons on relief. One worker in every eight in Canada to-day is denied the right to earn himself and his family an honest living by toil. Farmers are losing their farms. On the one hand we have individuals receiving incomes of three and four thousand dollars per day and on the other hand dire poverty. Do you know that there are over nineteen thousand families in Canada to-day living in one room per family?

For all of these reasons I suggest to you that when you mark your ballot on October 14th next you should put aside sentiment, party loyalty, and consider only your own welfare. You should vote for the party whose platform will best serve the common people of this country.

The common people mean the mechanic, the farmer, the great middle class as opposed to the millionaire class and the big interests.

The Liberal party stands pledged to a course which will give more equitable distribution of wealth. Present day conditions of want amid plenty have reached such proportions that they are a challenge to our civilization. Practically all major reforms of a social nature in the past have been given to us by reform governments and this is why I am appealing to the electorate of this county as a candidate of the reform party at this time.

I do not for a moment suggest that the Bennett government is solely responsible for present conditions in Canada, but I do contend that conditions have been made very much worse by present policies. A government whose policies cause the enrichment of the few at the expense of the masses is a serious handicap to a country at any time, but when such a government occurs during a depression it makes the conditions just that much more acute.

My first contention is that you should judge the present Bennett government on its record during the past five years and not upon any new promises which are now made upon the eve of an election and which are obviously made for the sole purpose of winning the election. In other words, to use Mr. Bennett's own expression, "Actions speak louder than words." At the time of the 1930 elections, Mr. Bennett's sole argument was that the tariffs were too low. He promised to use high tariffs to end unemployment and secure markets for the farmers.

In his Winnipeg speech of June 9th, the month before the election, he stated:

"Listen, you agriculturalists from the West and all other parts of Canada. You have been taught to mock at tariffs and applaud free trade. Tell me, when did free trade fight for you? You say tariffs are only for the manufacturer. I will make them fight for you as well. I will use them to blast a way into the markets that have been closed to you."

And again in his Saskatoon speech the same month to labour:

"No doles, no gifts, no charity, but a chance to work. I say!"

The majority of the electors were convinced that Mr. Bennett could make the tariffs do what he said they would, and he was swept into power. You all know the result in your own lives.

In my next article I will endeavor to make clear to you just why these high tariffs have injured the worker and the farmer alike.

Yours sincerely,
HUGHES CLEAVER.

NEWSPAPERS GETTING HARD-HIT!—On account of increased prices of all materials and heavy overhead charges, some of the country newspapers have found it absolutely necessary to cut down the number of pages in each issue. It is reported that a number of weekly newspapers in Ontario are for immediate sale, as their owners cannot stand the heavy expenditures.

CANADIAN NATIONAL RAILWAYS.
A Great Agency of Public Service.

The C. N. R. is one of the world's greatest transportation systems. Its length of track alone entitles it to that distinction, but its chief claim rests upon the nature and extent of the services it renders. While unsurpassed practically every important centre in Canada it also serves widely diversified and distant areas, and in very many instances is the sole agency providing railway facilities.

The C. N. R. is a large direct employer of labour, and indirectly, by virtue of the nature of its freight and other services, also enters importantly and indispensably into the commercial and industrial activities of the Dominion... creating new wealth... distributing raw and manufactured goods... enabling more employment and wages to be provided.

Notwithstanding the sparsely populated condition of much of the territory from which the C. N. R. obtains its freights of grains, minerals, forest products, etc., its charges for haulage are very low... Canadian railway freight rates are probably the lowest in the world. On an average the C. N. R. receives less than one cent for hauling a ton of freight one mile.

Of every dollar of revenue received the C. N. R. pays more than one half to its employees as wages, and it purchases every year many millions of dollars worth of Canadian made or produced materials. The C. N. R. also pays in the course of a year over six million dollars in various taxes.

These facts, although thus briefly stated, are of tremendous importance to Canada and Canadians. They are here presented in the hope that greater patronage will follow a wider appreciation of the part this great railway system is performing in the commerce and development of the Dominion... and of its vast potentialities for future service. Standing as we are at the beginning of an upward swing in business generally, renewed and enlarged opportunities to use transportation facilities present themselves. The C. N. R. is ready and anxious to serve... efficiently and economically. Its departments embrace passenger and freight transportation, express, telegraphs, steamships and hotels.

During the present season the C. N. R. is providing special fares and excursions between points throughout Canada. These are exceptional travel bargains. The nearest C. N. R. Agent will be glad to give full particulars.
