NRS NATIONAL REAL ESTATE SERVICE

J. Mark Mallalieu, Broker

I have purchased an NRS Franchise as I am convinced that this system offers vendors, purchasers and sales people the best listing and selling tools available in the real estate industry today. Some of the advantages are:

- Coast to coast catalogue of homes published bi-weekly.
- I.N.E.T. on-line computer service Canada wide and to such places as Europe & Hong Kong.
- Computerized service for out-of-town negotiation and acceptance of offers.
- Top quality sales aids and promotional material.

ATTENTION INVESTORS.

The NRS catalogue of Investments, like all of our catalogues, is updated bi-weekly and contains over 1800 investment opportunities across Canada. Up-to-date list information is also available on our on-line computer system. Visit our office for a demonstration.

I feel that the increasing success of National Real Estate Service, NRS, is due to its unique property catalogue & marketing system. The 3500 catalogues containing over 16,000 listings with pictures & details are updated & printed bi-weekly and circulated to more than 125 NRS offices across Canada. When you consider relocating, please give me a call. I would be glad to show you how your home will receive national as well as local market exposure by listing with me through NRS Millpond Realty Inc.
