

DON'T LET THE BIG CITY STEAL YOU BLIND

It's a serious charge, but many of us are guilty of actually stealing from our own community. Every time we fail to shop our own home town stores first we take from the local economy.

When we buy from those who buy from us . . . either our labour or our products, we're getting full value for the money we work to earn. The money we spend out of town could be used to help improve our own community and help make Milton a better place to live.

Because only part of each dollar we spend puts actual goods and services into our hands, we need to make sure the rest of those dollars go to support our own community. Let's support our own schools, roads, police and fire protection - not someone else's. Don't let the big city steal you blind - shop at home!

Keep part of the dollars you spend . . . **SHOP IN MILTON!**
