RABIES

IT'S NO WAY FOR A FRIEND TO DIE.

Protect your family. Vaccinate and leash your pet. Avoid strays.

Last year in Ontario 2,150 people were treated for rabies exposure. As a result, the Ontario Ministry of Health is urging all residents to be extremely cautious. Since the disease is fatal to humans as well as pets, anyone who's been in contact with a rabid animal must take a series of shots.

You can protect your family by taking these simple precautions. First, vaccinate your pets against rabies. Second, keep them on a leash. Third, everyone, especially children, should be taught

to avoid strays and wildlife that might carry rabies. Always wear gloves when handling a dead animal. Remember, farm animals can be infected too.

Protect your family and friends by protecting your pets from rabies. It's no way for a friend to die.

Ministry of Health

Minister, Hon. Murray Elston
 Premier, Hon. David Peterson.
