

Who's Who at Showcase '86

Meet the committee

Showcase Milton '86, a community service project of the Milton Chamber of Commerce, is organized and produced by a group of volunteers, assisted by Chamber staff members.

"Again this year I have had a terrific core committee helping to organize the Showcase," said Showcase Chairman Tom Richardson.

"They have been working since last summer to put it all together."

Mr. Richardson said it takes untold hours of work and "literally hundreds of meetings" to produce such a major showcase representing Milton's business community, and praised all the committee members and their helpers for all their work.

TOM RICHARDSON, Showcase Chairman, is a partner in Richardson Chev-Olds. It is his second year as head of the organizing committee.

ANNE EADIE, a citizen who was a committee member last year, is Arrangements Chairman. One of her biggest jobs has been organizing a schedule for the multitude of draws which are being held by Showcase exhibitors.

DOUG SHENTON of Min-A-Mart is again Showcase Manager. He will be the key person during the three-day show this weekend as he is supervisor of boothing arrangements for exhibitors.

CHUCK COPELAND of Copeland Lumber Ltd. is Entertainment Chairman. His main role has been lining up frequent entertain-

ment for the Showcase stage, located in Memorial Arena.

BOB LAWRENCE of Robert W. Lawrence Management Services is Corporate Sponsorship Chairman. He and his committee lined up all the 45 corporate sponsors who have financed the Showcase bags, pancake breakfast, chicken barbecue, fireworks and exhibitor wine and cheese reception.

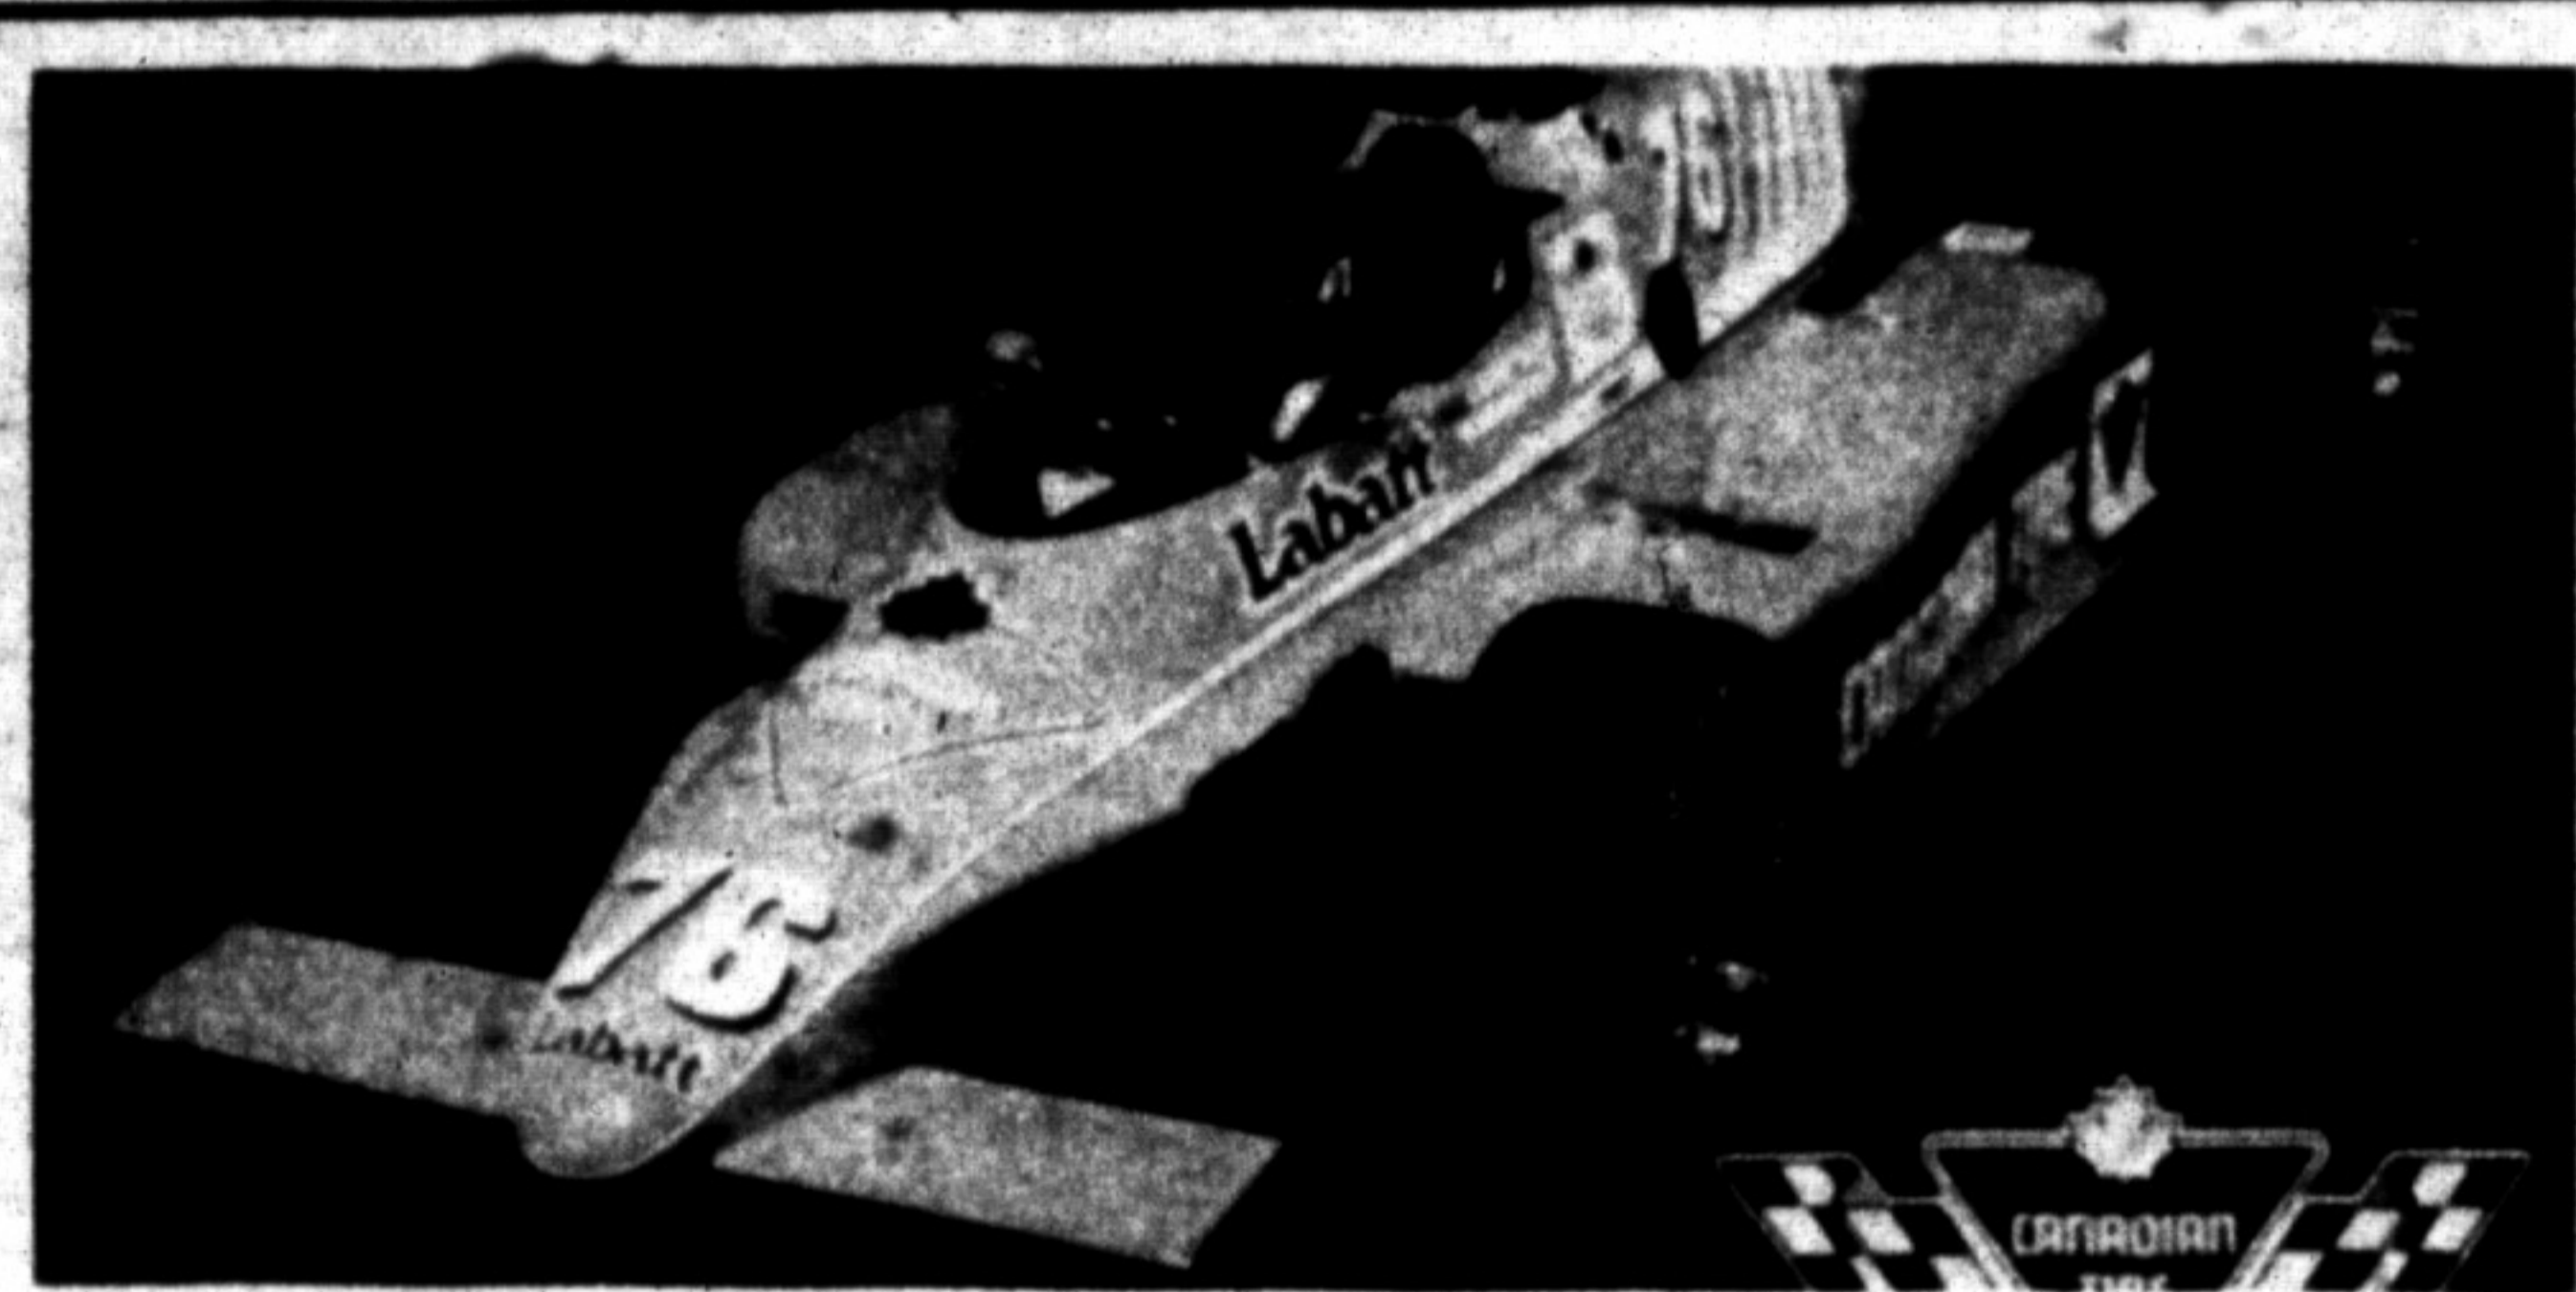

BOB LEE of Robert (Pie) Lee Insurance headed up the Advertising and Publicity Committee this year. In addition to the local newspapers, Showcase advertising and free publicity has been organized to reach people throughout Halton plus Hamilton, Toronto, Mississauga, Brampton, Guelph and Kitchener areas.

PAUL LONERGAN was chairman of Booth Sales again this year, assisted by his wife Patricia.

JIM STRAIN is in charge of all Special Events at the Showcase. A partner in Creative Memorials Ltd., he is a new member of the core committee this year. (All the others were on the original committee which produced Showcase '85).

JIM COULSON, Fire Chief of Milton, also served the committee until recently when he accepted a new job with the Ontario Fire Marshall's Office and moved to Sudbury.

JOHN LAWRENCE, Chamber Administrator, has been the main staff person working on the Showcase project for the past year.

Indy Car At Showcase

Thanks to John Williamson who owns the Milton Canadian Tire Store, Showcase '86 will be graced by the Canadian Tire Indianapolis race car which produced about 700 horsepower in racing trim. This very car was entered in 10 Indy-style events and finishing seven times, five of those times in the top 20.

Champion breakfast

One of the popular features of last year's Showcase, the Saturday morning pancake breakfast, is back again for Showcase '86.

For just \$1, visitors and exhibitors can enjoy a full breakfast including pancakes, bacon, juice and coffee.

The breakfast will be cooked outdoors by the Rotary Club of Milton.

The price is just \$1 because the event is be-

ing sponsored by The Canadian Champion, as its contribution to Showcase '86.

Last year's Saturday breakfast was quite popular, as 1,000 people were served in a two-hour period.

Service begins at 8:30 Saturday morning in the north parking lot beside Memorial Arena.
