Area hosts eventful weekend

There were many interesting events held in the Milton area last week. A huge craft sale was held at the Ontario Agricultural Museum where more than 100 sale booths were in place.

A quilt exhibit was held at St. Paul's United Church.

The International Plowing Match was held at Stratford.

Local farmers are well on with the fall work. Many are harvesting the third crop of hay. Wheat has been planted, and corn is being put in the

Omagh

with ELLA PATTERSON

silo. The farm safety association issued warnings of greater danger this year of silo gas because of weather conditions in the growing season. Silo gas is deadly, please be careful.

Milton Fall Fair was, as usual, a very successful event. Beautiful fall weather drew a large attendance of more than 3,000 school children who toured the grounds on Friday morning. The RCMP musical ride and demolition derbys were much enjoyed by all.

Former Milton residents and now living in London, Ont., Mr. and Mrs. Ruth French attended the Milton Fair on Saturday.

Birthday greetings and good wishes to Ruth Ford and Douglas McCann.
