Jamaica fund a success

Dear Editor:

On behalf of the Jamaican Relief Committee, we would like to thank all of the people in the town of Milton who gave so generously and contributed money, food, clothing and linen to the fund.

Thanks also to Howie Scannell for donating boxes; John Williamson of Canadian Tire for supplies; Larry Schyler of Home Hardware for supplies and to all the separate and public schools in Milton for all the food they collected.

Thanks to the Girl Guides for sorting; Leslie Goertzen of the House of Green Ginger for donating boxes of men's and women's clothing; SKD Company on Wheelabrator; United Steel Workers Union at SKD; and Lipton's Food in Bramalea.

Honorary mention to Gus and Marg Mowbray for donating a condo unit to be used as a depot. It was very much appreciated.

Thanks also to all of the drop-off centres in Milton: the fire hall, Red Cross, Bruce Hood Travel, Canadian Champion, Milton Observer, A&A Beauty Supplies, Salvation Army, all supermarkets and Zellers in the Milton Mall.

He picked Milton!

Dear Editor:

Hello, my name is Victor Blankenship and I am a seventh-grade geography student at Clyde Junior High School in Clyde, Ohio. As part of our Canadian studies project, we were given the opportunity to pick cities throughout Canada to give reports on, and I have chosen Milton which is why I'm writing to you.

If possible could you please send me a copy of your newspaper so that I could find out what it's like to live in Milton.

Also could you print my letter in your letters to the editor column so that your readers who wish to help me can correspond with me.

My goal as a student is to find out as much as possible about Milton and indeed about Ontario and Canada themselves. I also want to get an "A" on my report so your help is extremely important. Thank you for your attention.
