

Loughlin gains board seat in landslide

Mary Lou Loughlin was surprised by her landslide victory in the contest for separate school board trustee in Ward 2.

The registered nurse, and 10-year resident of Milton, got 55 per cent of the votes with 636 votes Monday. Her competitors lagged far behind. Vince Botticella received 196 votes, Ray Stephenson 169, and Rex Sutcliffe 147.

Mrs. Loughlin will take over the position held by Angelo Tonelli for several years.

Trustee puzzled

From TRUSTEE page 4

Mr. Harrison is a teacher for the Peel Board of Education.

Mrs. Willoughby, a Cherish home day-care professional, was pleased with her showing Monday.

"For a while I thought the chance was there for me to win. But I was happy with the number of votes I got," said Mrs. Willoughby. "It shows Mr. Harrison that people may be a little concerned about his performance."

Mrs. Willoughby ran a moderate campaign with the help of her husband Andrew.

She distributed 2,400 flyers. After talking to the people in her ward she was surprised so many had so little knowledge about a trustee's position.

Bob Clarke was acclaimed in Wards 1 and 3.

ELECTION '88

Deciding Milton's future

"I did a lot of campaigning," said Mrs. Loughlin. She and several of her supporters knocked on doors and visited polling stations.

During the campaign she found most residents in her ward were concerned with "people issues," and fair funding.

"We have a wonderful board. I have a lot of learning ahead of me. This is only the tip of the iceberg."

Over the next three years, Mrs. Loughlin says she would like to see better and more interesting programming for separate school

children. Programming might include more music and drama classes.

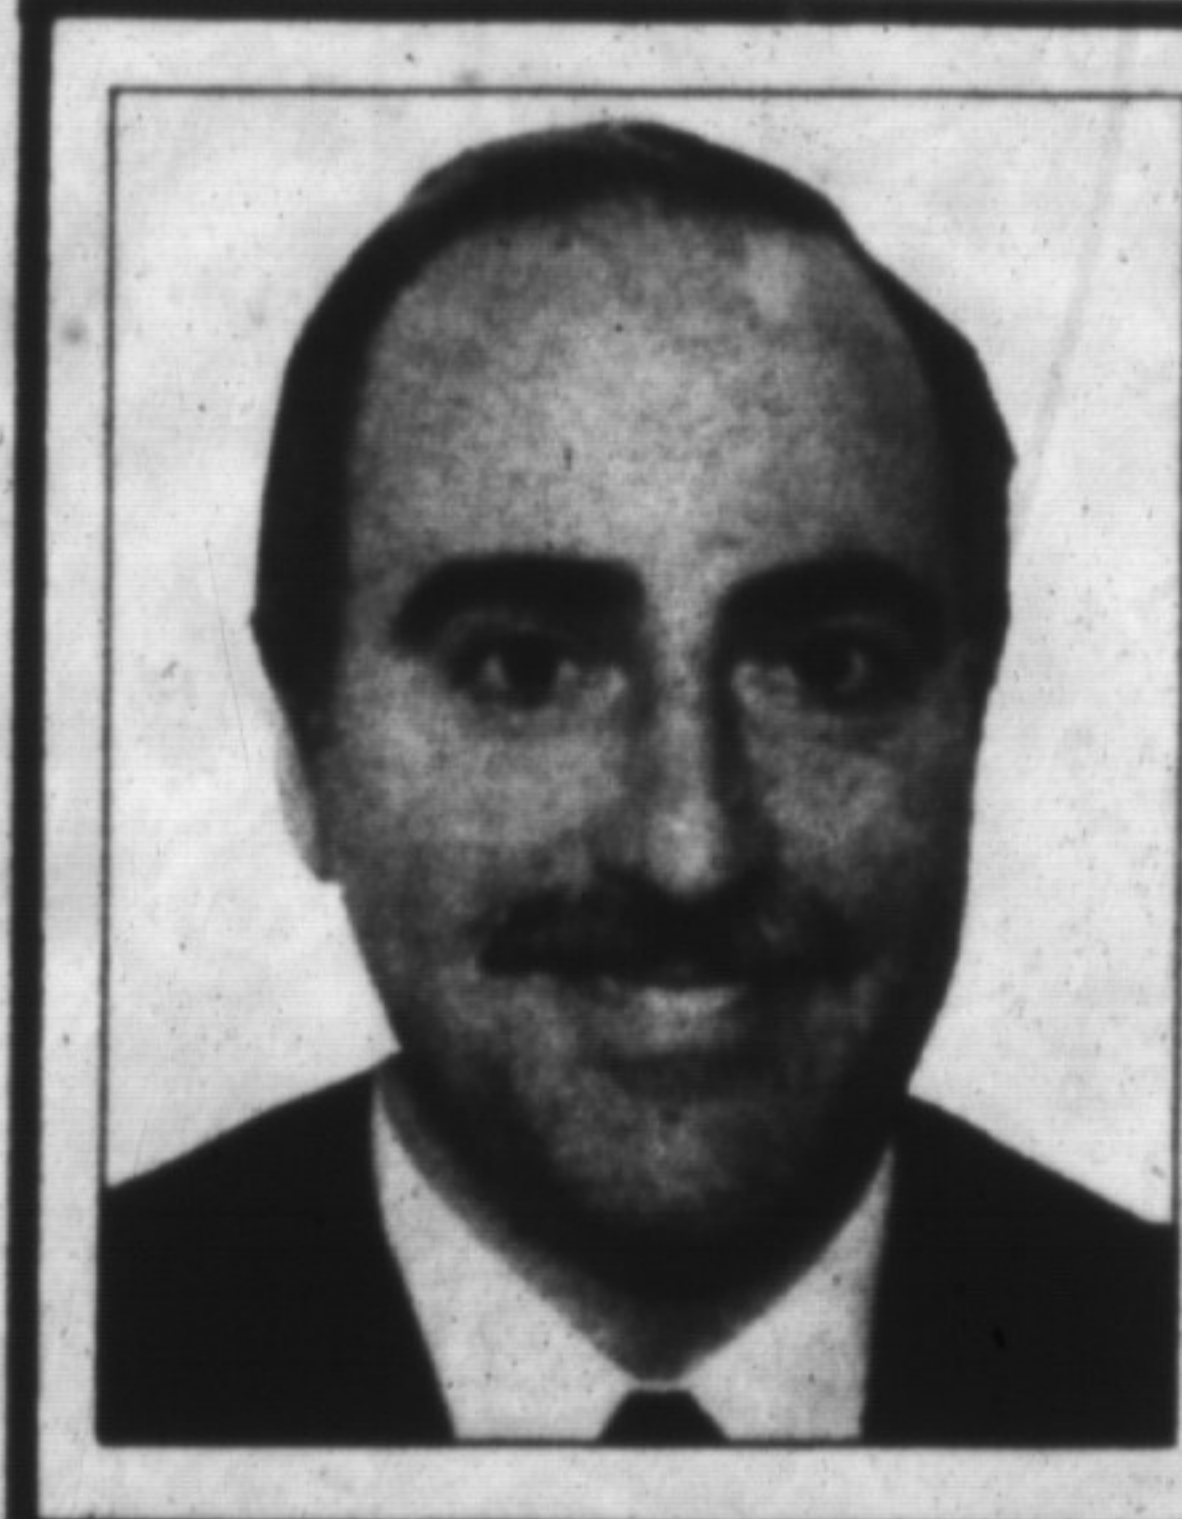

Mrs. Loughlin has three children in the separate school system.

Mr. Stephenson was the only other candidate in the Ward 2 separate school board race to watch the results come into Memorial Arena. He placed third.

Mr. Stephenson was disappointed by his showing. "I expected to do a little better."

He admits he did little campaigning. He says his main concern was to continue funding to the separate school system.

This contest marked the first try for all candidates.

TO THE
VOTERS OF
WARD 2
& to my supporters
