Week ahead horoscope

Forecast Period Feb. 19-25

ARIES (March 21 to April 19)

Keep up with the latest developments in technology as continued progress up the ladder to success is indicated.

TAURUS (April 20 to May 20)

Mars in Taurus keeps your energy level high. Going too fast too soon is not the way to make friends.

GEMINI (May 21 to June 20)

Take care of unfinished business. Tie up loose ends and clear the slate. Make room for the avalanche ahead.

CANCER (June 21 to July 22)

Stand by your convictions and don't be blinded to the possible pitfalls in a close relationship. On guard!

Take more of the responsibility when it comes to keeping your physical and mental self in perfect health.

VIRGO (Aug. 23 to Sept. 22)

Be receptive to change as the coming weeks offer new and unexpected opportunities for progressive improvement.

LIBRA (Sept. 23 to Oct. 22)

Changes in respect to real estate holdings are likely -- maybe in the form of a different address, or a change in family style.

SCORPIO (Oct. 23 to Nov. 21)

Developments in your immediate environment could be disturbing. It takes the co-operation of all parties to ease tension.

SAGITTARIUS (Nov. 22 to Dec. 21)

Study your financial status, with an eye on future security. Maintain a reserve fund to see you through the rough times.

CAPRICORN (Dec. 22 to Jan. 19)

Being too aggressive about everything you do makes others back away. Attend to your own problems, and lighten the path.

AQUARIUS (Jan. 20 to Feb. 18)

People who need help seem to gravitate to you. It's amazing the things you learn by turning a sympathetic ear in the right direction.

PISCES (Feb. 19 to March 20)

A change in life's goals is in the works. What was important a few weeks ago, has lost a lot of its punch.
