

Supreme soccer side saddled with seven stalemates

The Supreme Auto Collision Under 10 Reps completed their 1989 soccer season with a respectable record of six wins, five losses and an unbelievable seven ties.

In their last two games, a scoreless draw with London and a 2-1 loss to Clarkson, Supreme could only manage a single point in the standings. The unofficial results find them in third place behind Milton and London in the seven-

team loop. Milton played spoilers against London. London needed a win to continue their first place hunt. Supreme, who were already out of the running for first place, played a tough defensive game in which two London players received yellow card warnings. They held the aggressive London team in check and were not intimidated while battling to gain the tie.

In Clarkson, Supreme expected another easy two points as they had dominated that side all season. While Milton played textbook soccer, controlling 90 per cent of the play, they could not find the net. Jason Pento finally struck for a Milton goal, taking a Gareth Savage pass in the Milton zone and speeding up left wing to score.

Through the balance of the first half Milton had no less than eight solid scoring chances

but two shots were straight at the keeper and the rest sailed wide of the net. Clarkson managed to score on their sole opportunity to go into the halftime break tied at one.

The second half saw more of the same with Supreme owning the ball but unable to finish plays. Clarkson got another goal on their only scoring chance of the half, and it proved enough to upset Milton.

BARBARA

Barbara Janzen, R.N. Diet Center Counselor

Do You Often Quickly Regain Weight You Have Lost?

You might be surprised to learn that on the average less than ten percent of all dieters maintain their weight loss for three years. This is due to the fact that most dieters are treating the symptoms of being overweight instead of working to alleviate the underlying problem.

At Diet Center we enjoy a much higher level of long-term success than the national average. The reason? We teach you how to adapt your lifestyle to ensure that the weight you lose with us never returns. Call today and find out how Diet Center can help you lose weight and keep it off forever.
