#### Horoscope

Forecast Period: Jan. 14-20

ARIES (March 21 - April 19): Career changes are likely. New methods of achieving are introduced and you have more freedom of choice.

TAURUS (April 20 - May 20): You are attracted to a new way of thinking, perhaps a bit on the radical side. Revelations can be upsetting.

GEMINI (May 21 - June 20): Don't become solely dependent on another for financial or emotional needs. The obligations incurred can be very disruptive.

CANCER (June 21 - July 22): Partnership matters call for a change in strategy before you leap from the frying pan into the fire.

LEO (July 23 - Aug. 22): Your attitude toward work puts stress in the wrong places. Look for all the good things that are happening.

VIRGO (Aug. 23 - Sept. 22): New techniques attract you, as well as new approaches to your work. Walt Disney World is your fatal attraction.

LIBRA (Sept. 23 - Oct. 22): Look for a change in home environment - possibly a change of address. A seemingly sound investment may be quite costly.

SCORPIO (Oct. 23 - Nov. 21): Under Uranian influence, flexibility of thought emerges as you turn to new interests and technologies. Take nothing for granted. SAGITTARIUS (Nov.22 - Dec. 21): Material resources

and the way you look at them undergo change. Yesterday's possessions may no longer appeal to you. CAPRICORN (Dec. 22 - Jan. 19): Mate or partner may

not understand that behaviour quirks are simply your way of demanding more freedom of action. AQUARIUS (Jan. 20 - Feb. 18): Bring nagging problems

to the surface and clear the records. Never mind what others might think. It's your deal.

PISCES (Feb. 19 - March 20): Group pressures are becoming annoying. You begin to see that new and different lifestyles are possible in achieving your goals.
