

DON'T LET PART OF EVERY DOLLAR GET AWAY FOREVER

We owe it to our friends and family to keep all of the money we spend working for us here at home. If local dollars were spent with home town merchants our standard of living would be better and our community would be more prosperous. One of the most common and least sensible forms of giving is the making of donations to the growth of other communities. Part of every dollar spent

goes to support the community where it is spent — money spent out of town stays out of town.

It's simple economics. The dollar we spend in Milton buys about the same goods and services that it will buy anywhere else — but — every dollar spent locally keeps our economic foundation healthy which helps every single member of this community.

Keep part of the dollars you spend...SHOP IN MILTON!!!
