

GHAC next meet . . .

from MDHS on page 23

Kevin Wessinger managed a second place in his first-ever steeplechase. According to Burroughs, he tried to pace himself too much and was caught at the end. Wessinger's 6:53.48 over the 2,000 course put him far in front of the third place finisher.

Junior Jamie Hamilton scooped a silver in the triple jump with a leap of 11.71 metres. He also picked up a bronze in the shot put with a throw of 11.17 metres. Mark Banks picked up the silver medal in the 110 metre hurdles in 18.03 seconds and with a run of 66.30 in the 400 metre hurdles he qualified for GHAC.

Karen Johnston collected a bronze in the midget 3,000 metres with a time of 12:33.63. Chris Hiepel in the midget boys 3,000 metre race also took a bronze, crossing the line in 10:06.13.

The boys midget 4 x 100 metre relay team of Will Gearin, Paul Ouellette, Andy Coulson and Sean Faulknor finished third in 49.65.

Jamie Picard leaped 1.27 metres in the midget girls high jump for a fourth place. Other fourth place finishers were Robin Ellison (3,000 metre midget girls in 12:35.98), Paula Ashby (800 metres midget girls in 2:40.3), Kristina Dick (400 metres junior girls in a personal best of 65.70) and Mike McLaughlan (junior long jump of 5.49 metres).

The midget girls 4 x 100 metre relay team of Paula Ashby, Karen Johnston, Seema Singh and Marsha

Tara Laskosky

Van Cedar managed a fourth place finish in 56.22. The junior girls 4 x 100 team of Karen Smith, Christy Picard, Carla Johnston and Kristina Dick finished fifth with a time of 56.47.

Other qualifiers for GHAC include Mark Dowell in the high jump, Craig Batstone in the long jump, Paula Ashby in the midget 1,500 metres, Jamie Picard in the discus, Zoe Fielder in shot put, Brenda Howard in the 3,000 metres, Mitch Robinson in the 1,500 metres and Kevin Wessinger, also in the 1,500 metres.

In addition, the junior boys relay team in the 4 x 100 and the team in the 4 x 400 open division for boys qualified.

Coach Burroughs says she hopes to take a good sized group through GHAC to the regionals, which are one week after Thursday's GHAC meet. Both events are scheduled for McMaster University in Hamilton. OFSAA is scheduled for June 1-2 in Sudbury.

Team gunning for soccer players

The Milton Gunners senior soccer team is looking for players.

Team manager Reg Griffin says with the team playing in two leagues, the Toronto & District and Peel-Halton, quality players are a must.

The team has played a number of exhibition games and identified some good players who will join the squad, but others are needed. Interested players can call coaches Roy Christopher at 876-2287, John Hand at 821-9929 or Derek Dorset at 827-0297.

Milton Gunners begin defence of its Peel-Halton title at the end of May.

1990 CELICA ST.

Celica styling and performance at an affordable price! Available in Coupe body style. Celica ST retains standard Celica features such as front-wheel drive, fully independent suspension and a fuel efficient 1.6 litre 4-cylinder fuel injected twin cam/16-valve unit producing 103 horsepower. Celica ST uses a 5-speed manual overdrive transmission with lockup torque converter. Power steering and power-assisted front ventilated disc rear drum brakes are standard equipment.

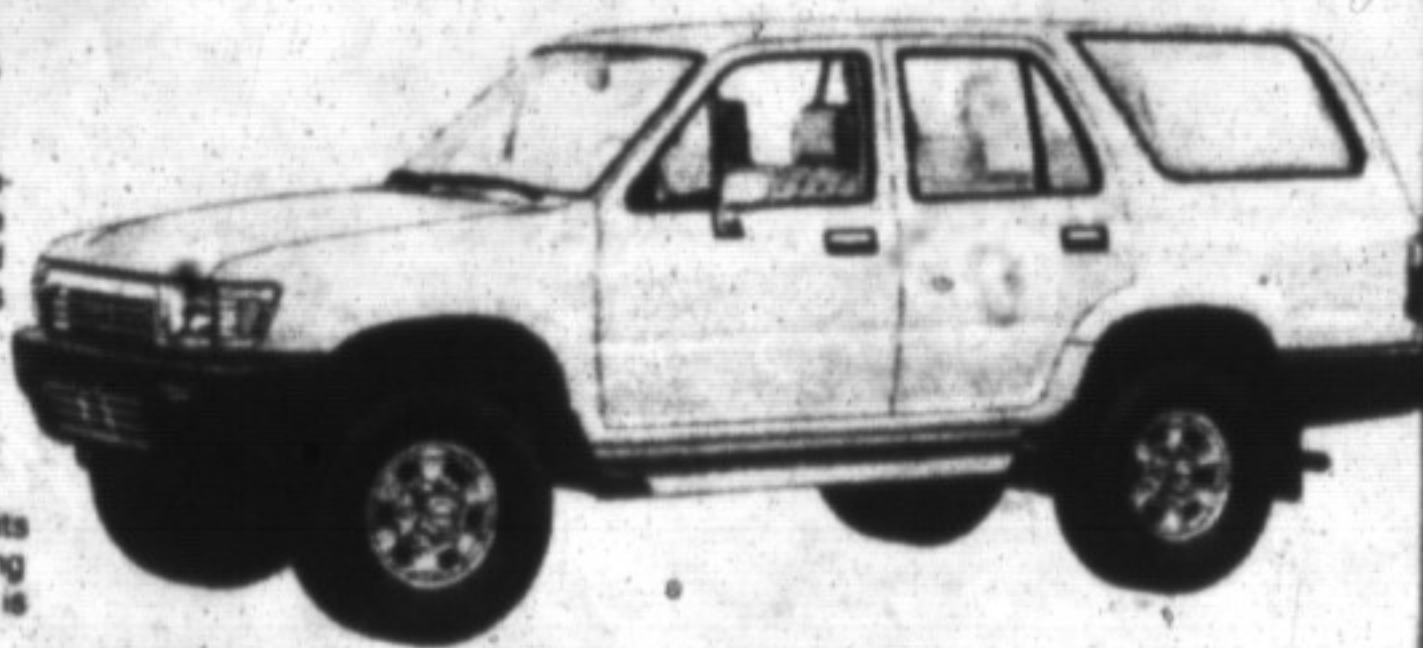

1990 CAMRY SEDAN

Known for its graceful, good looks and comfortable seating for 5, the front wheel drive Toyota Camry Sedan is powered by a fuel efficient 2.0 litre 4-cylinder twin cam/16-valve engine producing 115 horsepower. The 2.0 litre Camry Sedan is also available as a full-time 4-wheel drive model while a front-wheel drive Camry LE is available with an optional 2.5 litre twin cam/24-valve V6-cylinder engine producing 155 horsepower.

1990 TOYOTA 4RUNNER

Ready for 1990, Toyota's new 4Runner SR5 will shake up the sport utility market with its 4-door body style, upgraded interior and redesigned suspension. Available with a 116 horsepower 4 or 150 horsepower V6-cylinder engine and either 5-speed manual or optional 4-speed overdrive automatic transmission, all 4Runners have a towing capacity of 3,500 pounds. Rear wheel A.B.S. (Anti-lock Braking System) that operates in 2WD mode is standard on V6 and optional on 4-cylinder models. Selected 4Runner models are also available with A.O.D. (Automatic Disconnecting Differential) which permits on the fly shifting and eliminates manual locking front hubs. An electric sliding power moonroof is a useful new option on the 1990 4Runner.
