### SERVICE IS THE EMPHASIS

Brancier Jewellers have provided Milton with excellence in jewellery since 1966.

Brancier brought to Milton a long standing commitment to service that originated in 1928 when master watchmaker Paul Brancier opened a retail store in Toronto. Due to the depression era, service was the emphasis at that time. This philosophy still runs true today with third generation owner, Mark Brancier.

Mark is one of only seven certified gemologist appraisers in Canada and is a member of the American Gems Society. He combines this background with a firm commitment to accommodating customers' needs.

Brancier Jewellers enjoy serving this unique town and emphasize that those who support Milton business ultimately support local service groups and minor sport organizations.

When you bring your old deck shoes into Moneysworth & Best, the quality shoe repair experts, our Life Saving Service can help guarantee that those old friends will be as good as new.

Our complete Life Saving Service includes:

- Providing a new non-slip, non-marking siped sole
- Re-oiling the upper for weather proofing
- All stitching reinforced
- Providing a new pair of leather laces
