**FACT:** Interest rates have not been this  
high since 1981 - 1982.

**FACT:** At that time, smart investors  
locked in at those high rates for the REST  
OF THEIR LIVES.

**FACT:** You can do the same today.

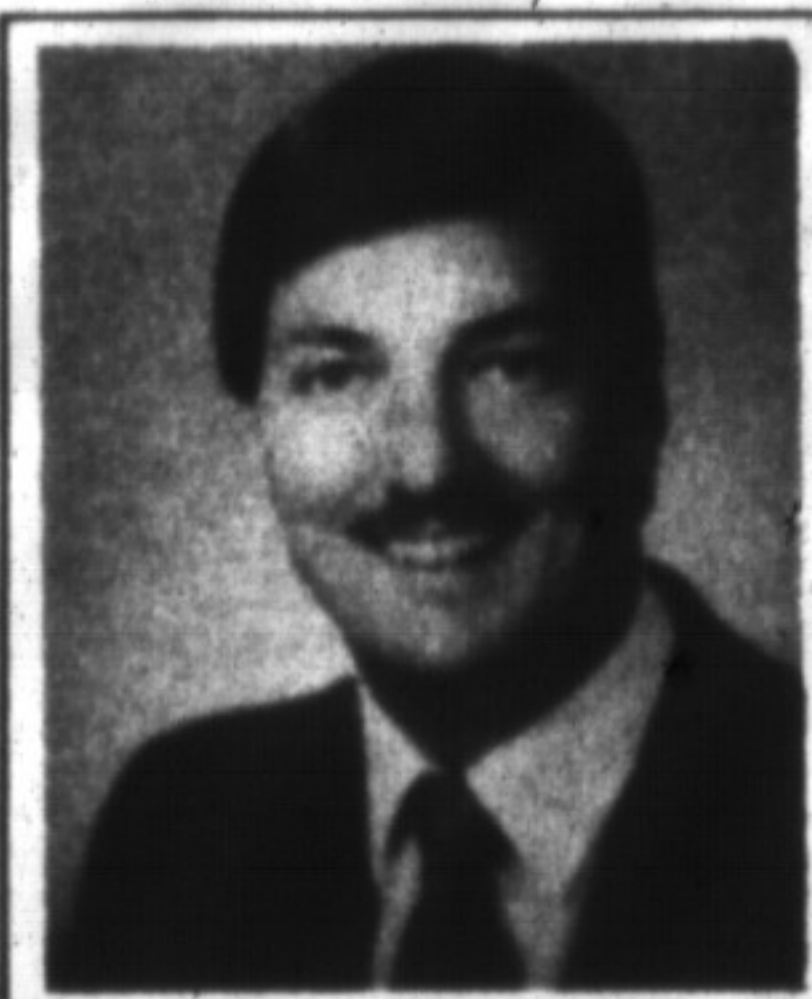

**FACT:** Few will.

This is the opportunity of a lifetime.  
If you are 71 this year, you should talk to us.

Ms Schrock explained that the sim-  
ulations are strictly awareness exercis-  
es. They are not intended as com-  
plaints to stores or businesses which  
are not easily accessible.

A Campbellville resident who is af-  
flicted with multiple sclerosis, Ms  
Schrock said she is organizing the  
week's activities locally to make a dif-  
ference.

Access Awareness Week (June 10-16),
