Party Hut

The first of two retail stores began operations in the Meadowvale Town Centre on October 30, 1987 with the second one opening in the Milton Mall on November 9, 1987. From the very start both stores have succeeded in doing what the company set out to do. That is to have good sales people show consumers quality gifts so as to minimize customer effort and maximize satisfaction.

Of course to do this the Party Hut must carry a proper selection of items ranging from as low as 99¢ to no higher than fifty dollars. These items must also reflect our customers who can be just about anyone. Although seemingly difficult, by dealing with many various suppliers who are able to make prompt deliveries often within a week, we have been able to do just that. In constant demand are gifts and other novelty items for birthdays and to provide such to our customers we carry a unique assortment of baseball caps, T-shirts and sweatshirts, coffee mugs, games and much more. The store also specializes in unusual wrapping paper, gift bags, loot bats, invitations, a wide variety of unusual greeting cards for birthdays and other occasions and party supplies such as plates and napkins. In this manner the customer may shop for one party in one store, a great convenience.

Almost indigenous to the Party Hut is our wide, wide assortment of "Over the Hill" gifts, that is those gifts for people in their forties, fifties, sixties and beyond. We have set aside ample space to house baseball caps, mugs, T-shirts, sweatshirts, playing cards, joke books, keychains and greeting cards all catering to this product line which is without a doubt one of our main sellers.

After merchandise, customer service is the main driving force behind the Party Hut's success. Our staff provide the customers with the service they require and in response we have earned the patronship of numerous "regulars".

As there has been numerous requests if we would franchise our first will be open in early fall.

Only applicants with commitment, determination to success through customer service will be considered.
