A topsy turvy schedule for the under 13 boys over the Heritage weekend saw a number of surprises.

Giant killers Midas Muffler showed they no longer belong in the basement and will become a team to reckon with. Strong forward play by Matthew Davenport and the hands of Kyle O'Neill in goal are their secret weapons.

Top-of-the-league Milton Import showed their strengths with wins over Ontario Pallett and People's Furniture, their present close contenders. The plays of Jason and Eric Medeiros showed great skill and determination for Milton Imports. Good hard play from Loren Padelford of Ontario Pallett and Daren Pemberton of Peoples Furniture were not enough to gain these two teams a victory.

Wing Ding's and La Rosa Bakery can soon become teams of importance as their first victories appear to strengthen their will and harder play. David Barnard and Jamie Smulders

of Wing Ding and Douglas Frens and Blair Murray of La Rosa are typical hard working players in these teams.

Watch for future surprises as all the teams start chasing league leader Milton Import.

Note: Select team tryouts start this week for the under 12 boys in preparation for a tournament in Woolwich.
