**Moviola Café**

This was built as a Post Office in 1914 for \$21,000. The population of Milton at the time was 2,053., Robert Stewart was the first post-master in the building. Emile Marchand, local jeweller, started the post office clock August 15, 1915. The post office was an important gathering point until letter carrier service was introduced in 1967. A new post office was constructed on another site in 1980.

Thumbs up to the  
 Town Works depart-  
 ment for designing  
 and repainting the  
 Mary Street lot behind  
 BiWay. It has given us  
 a few more spaces  
 plus two spaces with wheelchair access. Rick  
 Tipping designed the lot - thumbs up.

The DBIA will be beautifying this area with  
 curbside trees and a new floral garden in the  
 corner section under the supervision of plan-  
 ning department's Ann Bouck.
