Personal Touch... From North End Nissan

Dear Nissan Canada,

I purchased my first Nissan Pulsar from Norm Coulter in Feb/85, and just recently I purchased a 1990 Pulsar, also from Norm.

I was pleased with Norm & North End Nissan.

Even though I now live in Oakville, I went back to North End because of the excellent service I had received there in the past.

I highly recommend Norm & Gary Coulter. They are pleasant, courteous & knowledgeable.

The service at North End Nissan is prompt & efficient.

I would appreciate if you could pass on to Norm & Gary my appreciation of them & their service.

You should be proud in this day & age of "fast talking, silver tongued" salesman that there are still honest & straight forward guys like Norm & Gary out there.

Many thanks
Virginia Duench
