

A blossoming business

from NEW on page 7

Niagara apples are available in early September while Mutsu, Spartan, McIntosh and Cortland are ready in mid-September. Red delicious, golden delicious, russet, northern spy and idared are available in October.

With no previous experience in apple growing, the owners learned by reading up on the subject and through the help of colleagues in the field as well as the provincial Ministry of Agriculture and Food.

"It's pretty elementary," comments Mr. Brennan. "It's just a lot of work."

But all their hard work paid off, says Mrs. Deathe, who lives at the orchard with her husband and

daughter. She is happy with the final product and the compliments received from visitors.

"These past weeks have been very gratifying," she says.

For sale in the shop is a selection of gift items as well as fresh apple cider, baked pies, honey, apple butter, cheese, maple syrup and fruit baskets. All products are supplied by local merchants.

About 2,000 school children are already booked to visit the orchard this fall and seniors groups are also welcome.

It is open from September to December 24 and its hours of operation are 9 a.m. to 6 p.m.
